Preparation of this Report

The Developer prepared this report to disclose relevant information, including "material facts", that are reasonably known to the Developer about the condominium project covered by this report. This report has been prepared pursuant to the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, as amended from time to time. The law defines "material facts" to mean "any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale."

This report has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts or all pertinent changes, or both, about the project have been fully or adequately disclosed; and (3) is not the Commission's judgment of the value or merits of the project.

This report may be used by the Developer for promotional purposes only if it is used in its entirety. No person shall advertise or represent that the Commission has approved or recommended the project, this report or any of the documents submitted with Developer's application for registration of this project.

This report will be amended if, after the effective date of this report, any changes, either material or pertinent changes, or both, occur regarding the information contained in or omitted from this report. In that case, the Developer is required to submit immediately to the Commission an amendment to this report or an amended Developer's Public Report, clearly reflecting the changes, including any omitted material facts, together with such supporting information as may be required by the Commission. In addition, the Developer may choose at any time to change or update the information in this report. Annually, at least thirty days prior to the anniversary date of the Effective Date of this report, the Developer shall file an annual report to update the material contained in this report. If there are no changes, the Developer is required to state that there are no changes. The Developer's obligation to amend this report or to file annual reports ends when the initial sales of all units in the project have been completed.

Purchasers are encouraged to read this report carefully and to seek professional advice before signing a sales contract for the purchase of a unit in the project.

Signing a sales contract may legally bind a purchaser to purchase a unit in the project, though a purchaser may have rights to cancel or rescind a sales contract under particular circumstances that may arise.

This material can be made available for individuals with special needs. Please call the Senior Condominium Specialist at 586-2643 to submit your request.

SPECIAL ATTENTION

[Use this page for special or significant matters which should be brought to the purchaser's attention and that are not covered elsewhere in this report.]

NOTE: Prospective purchasers are advised that there may be other special or significant matters disclosed in Exhibit U (Misc. Info) of this Public Report. Please read with care. Should you or your attorney have any questions concerning the contents of this report, please check with the Developer or its counsel.

1. All prospective purchasers should also be aware that Manawa at Mehana is within and a part of the master planned community known as the Mehana at Kapolei, and is subject to certain conditions and restrictions contained in various documents that affect the Community, including the covenants, conditions, restrictions, reservations, agreements, obligations and other provisions contained in the Master Declaration of Covenants, Conditions, Restrictions and Easements for Mehana at Kapolei, as the same may be amended and/or supplemented.

2. Developer may revise the specimen deed and sales contract for the Community to conform with any future amendments that may be made to the Declaration and the Community.

3. The City and County of Honolulu Real Property Assessment Division has changed the manner in which it assesses Live Work Units. Even when used solely for residential purposes, Live Work Units may be classified as "commercial" for real property tax purposes, notwithstanding the fact that only the live/work space portion of the Live Work Unit is used for commercial purposes. The 2015-2016 tax rate for property classified as "commercial" is \$12.40 per \$1,000 of net taxable value of the Unit and for property classified as "residential" the 2015-2016 tax rate is \$3.50 per \$1,000 net taxable value of the Unit. If the Live Work Unit is owner occupied, an owner may seek to obtain the "residential" tax classification by filing a home exemption and indicating that the property will be used for residential purposes. If the Live Work Unit is not owner occupied but is used solely for residential purposes, Owners may file with the City and County of Honolulu Real Property Assessment Division a "Declaration Regarding Condominium Use" to seek to have the property classified as residential, which Buyer may obtain from the City and County of Honolulu Real Property Tax Assessment Division. The tax rates provided are approximate only. For further information and to confirm your actual rate, you may contact the Real Property Tax Office at (808) 768-3799.

General Information On Condominiums

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

Operation of the Condominium Project

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

3. CREATION OF THE CONDOMINIUM AND CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances (Regular System) or filing in the Office of the Assistant Registrar of the Land Court, or both, a Declaration of Condominium Property Regime, a Condominium Map and the Bylaws of the Association of Unit Owners. The Condominium Property Act (Chapter 514B, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the unit owners with respect to the project and the common elements, to each other, and to their respective units.

3.1 Declaration of Condominium Property Regime

The Declaration of Condominium Property Regime contains a description of the land, buildings, units, common interests, common elements, limited common elements, and other information relating to the condominium project.

Land Court or Bureau of Conveyances	Date of Document	Document Number

3.2 Bylaws of the Association of Unit Owners

The Bylaws of the Association of Unit Owners govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Unit Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters that affect how the condominium project will be governed.

Dates of Recordation of Amendments to the Condominium Map:	

3.4 House Rules

The Board of Directors may adopt rules and regulations (commonly called "House Rules") to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the Developer. Changes to House Rules do not need to be recorded to be effective.

Are Proposed	<input type="checkbox"/>	
Have Been Adopted and Date of Adoption	<input checked="" type="checkbox"/>	September 17, 2015
Developer does not plan to adopt House Rules	<input type="checkbox"/>	

3.5 Changes to the Condominium Documents

Changes to Condominium Documents: Changes to the Declaration, Bylaws and Condominium Map are effective only if they are duly adopted and recorded. Where permitted, the minimum percentages of the common interest that must vote for or give written consent to changes to the Declaration, Bylaws and Condominium Map are set forth below. The percentages for any individual condominium project may be more than the minimum set by law if the Declaration or Bylaws for the project so provide.

Document	Minimum Set by Law	This Condominium
Declaration	67%	See Exhibit N
Bylaws	67%	See Exhibit N

<p>Box A</p> <p><input type="checkbox"/></p>	<p>The Developer has submitted all information and documents required by law and the Commission prior to the disbursement of purchaser deposits before closing. This means that the Developer may use such deposits before closing. If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>If Box A is checked, you should read and carefully consider the following notice, which is required by law:</p> <p><u>Important Notice Regarding Your Deposits:</u> Deposits that you make under your sales contract for the purchase of the unit may be disbursed before closing of your purchase to pay for project costs, construction costs, project architectural, engineering, finance, and legal fees, and other incidental expenses of the project. While the developer has submitted satisfactory evidence that the project should be completed, it is possible that the project may not be completed. If your deposits are disbursed to pay project costs and the project is not completed, there is a risk that your deposits will not be refunded to you. You should carefully consider this risk in deciding whether to proceed with your purchase.</p>
<p>Box B</p> <p><input type="checkbox"/></p>	<p>The Developer has <u>not</u> submitted all information and documents required by law and the Commission, and, until all such information and documents are submitted, thus, the Developer cannot use purchaser deposits.</p> <p>If the Developer later submits all information and documents required by law and the Commission for the use of purchaser deposits, then the Developer must provide an amendment to this report or an amended developer's public report to each purchaser who has signed a sales contract. At such time, the <u>Important Notice Regarding Your Deposits</u> set forth immediately above will apply to all purchasers and will be restated in the amendment to this report or an amended developer's public report. When an effective date for such an amendment or an amended developer's public report is issued, <u>you will not have the right to rescind or cancel the sales contract by reason of such submission and amendment.</u> (This, however, does not affect your right to rescind for material changes or any other right you may have to rescind or cancel the sales contract, as described in Section 5.8 below.) If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>You should understand that, although the <u>Important Notice Regarding Your Deposits</u> set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.</p>

5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

- (1) The purchaser has signed the sales contract.
- (2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.
- (3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.
- (4) The purchaser does at least one of the following:
 - (a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

- (b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or
- (c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

5.8.2 Right to Cancel a Sales Contract if Completion Deadline Is Missed

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.00.

5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- (1) Checking the waiver box on the rescission form; or
- (2) Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30th calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

The Developer hereby certifies that all the information contained in this report and the exhibits attached to this report and all documents to be furnished by the Developer to purchasers concerning the project have been reviewed by the Developer and are, to the best of the Developer's knowledge, information and belief, true, correct and complete. Except as expressly provided otherwise in the Declaration, any such amendment shall be duly executed by or pursuant to the affirmative vote of seventy-five percent (75%) of the Unit Owners and accompanied by the written consent of the holders of first mortgage (as hereinafter defined) on Units to which at least sixty-seven percent (67%) of the votes of Units subject to mortgages held by such holders are allocated, and in accordance with complete plans and specifications therefor first approved in writing by the Board. Promptly upon completion of such repair, reconstruction, restoration, replacement, construction, alteration or addition, the Association shall duly Record and file of record such amendment together with a complete set of floor plans of the Community as so altered; certified as-built by a licensed, registered architect or professional engineer.

2. **Alterations or Additions.** Any alterations or additions solely within a Unit, including without limitation, the addition of an exterior air conditioning unit to service the Unit that may protrude through a Common Element wall, or within a Limited Common Element appurtenant to and for the exclusive use of a Unit or more than one Unit, shall in all instances comply with the Declaration, the Design Guidelines, any air conditioning guidelines adopted pursuant to the Declaration, and the Community Rules, and shall require the written approval thereof, including the plans thereof, by: (a) the Owners of such Unit(s), (b) the holders of first mortgage liens affecting such Unit(s) (if the lien holder require such approval), (c) the appropriate agencies of the State of Hawaii and the County, (d) the DRC, if such agencies so require, the Manawa DRC, if created, (e) the Board (which approval shall not be unreasonably or arbitrarily withheld or delayed), and (f) all other Owners thereby directly affected as determined in a reasonable manner by the Board (as the same may be limited, directed or constrained by the Community Rules); provided, however, that the Board shall always have the right to disapprove a proposed addition or alteration that the Board reasonably determines could jeopardize the soundness or safety of the Property, impair any easement, or interfere with or deprive any non-consenting Owner of the use or enjoyment of any part of the property. Upon completion of such alterations or additions, the Unit Owner(s) directly affected shall duly Record and file of record an amendment to the Declaration together with the approved plans showing only such alterations or additions within a Unit space or within a Limited Common Element as aforesaid. Such amendment to the Declaration need only be executed by the Unit Owner(s) directly affected and their first mortgagees, as may be required.

3. **Declarant's Rights.** Declarant shall have the right without being required to obtain the consent or joinder of or notice to any person or group of persons, including the Association, any Unit Owner or any mortgagee, lienholder, or any other person who may have an interest in the Community, to exercise each and all of the rights reserved to Declarant under and as provided in the Declaration, including, without limitation, those rights reserved to Declarant to alter Units or the Common Elements or Limited Common Elements within the Community as provided in **Section E** of the Declaration.

4. **Permitted Alterations.** Notwithstanding anything to the contrary contained herein but subject to (1) the Easements and other rights and licenses reserved for the benefit of other Unit Owners, (2) compliance with the Mehana Design Guidelines and the Master Declaration, and (3) such other limitations specified below, each Unit Owner has the following rights:

(a) Each Owner has the right to make any of the following changes, additions and Improvements solely within the Owner's Unit or Limited Common Element that such Owner controls, subject to the Owner's compliance with the Design Guidelines:

(i) To install, maintain, remove, and rearrange partitions and other non-load bearing structures from time to time within the Unit or Limited Common Element; provided that the Owner shall not have the right to enclose any exterior lanai or Private Yard Area;

(ii) To finish, change, or substitute any plumbing, electrical, or other fixtures attached to the ceilings, floors, or interior walls as appropriate for the use of the Unit or Limited Common Element;

(iii) To decorate, paint, repaint, wallpaper or otherwise change the appearance of any walls, floors, and ceilings of the Unit or Limited Common Element that are not readily visible from outside the Unit or Limited Common Element subject to any limitation, if any, as may be contained in the Design Guidelines;

(iv) To tile, finish, carpet, re-carpet, and install, change, or remove other flooring in the Unit or Limited Common Element which is not readily visible from outside the Unit or Limited Common Element, subject to the limitation on the installation of "hard" flooring as may be contained in the Design Guidelines or the Community Rules in respect of Units having a common floor-ceiling assembly; or

(v) To make such changes, additions and improvements to the Unit or Limited Common Elements to facilitate persons with disabilities accessibility within the Unit or Limited Common Element.

(b) Except as otherwise provided in the Declaration, the Bylaws or the Design Guidelines, an Owner may make "nonmaterial structural additions" to an Owner's Unit as the foregoing term is used in and subject to the provisions of Section 514B-140(c) of the Act. Without limitation of the foregoing, Owners of each of Units 202(C) to 204(C), inclusive, and 101(C) to 103(C), inclusive, may, subject to limitations determined by and the approval of the DRC and applicable to the construction of such Improvements, may install a limited mezzanine area in such Units.

(c) The Owner of two (2) Units that are separated by a Common Element that is a wall, floor, or a ceiling, or whose lanai or Limited Common Elements are separated from each other or from such Units by a Common Element that is a wall, floor, or ceiling, has the right and an easement, subject to Board approval and compliance with the Design Guidelines, to change or remove all or part of the intervening wall, floor, and/or ceiling. The Owner also has the right, subject only to Board approval and compliance with the Design Guidelines, to install doors, stairways, and other Improvements in such opening or openings in the intervening Common Element, to seal hallways or other openings, and to make other reasonable changes or additions which do not adversely affect the structural integrity of the Unit or Limited Common

EXHIBIT F

Element or the building in which such Unit is situated. Before terminating its common ownership of any of the adjacent Units, the Owner must restore the Common Element wall, floor, ceiling, hallway, and/or other openings to substantially the same condition as before the change or removal, unless the new Owners each agree otherwise in writing.

(d) An Owner who owns any two (2) adjacent Units separated as described in **Section N.4(c)** of the Declaration has the right, subject only to Board approval and compliance with the Design Guidelines: (i) to consolidate the Units into a single Unit; and (ii) to make any Common Element walls, floors or ceilings between the Units part of the Unit or its Limited Common Elements. The Common Interest of the newly created Unit will be equal to the sum of the Common Interests of the Units being consolidated.

(e) Each Owner shall be entitled to install a split air conditioning system equal or superior in quality and operational noise level as the system installed or designated by the Declarant in Units within the Community; provided such systems do not exceed the energy consumption and wattage requirements of the Declarant installed systems. Installation of such a system by the Owner(s) shall not require the consent of any other Unit Owner, but such installation must first be approved as required by and must comply with the Design Guidelines. Except as provided in **Section F.2(b)** of the Declaration condenser units serving such systems shall be located in the Private Yard Area of the Unit to be served by the air conditioning system. As provided in **Section F.2(b)** of the Declaration, Owners Units may install a split air conditioning system, components of which, including specifically condenser units and piping, may be located in the Common Elements of the Community (solely in that general location that may be indicated on the Condominium Map by a rectangle and noted in the Site Legend for the map), and each such Owner shall have an easement over that portion of the Common Elements described in **Section F.2(b)** of the Declaration for the purpose of installing, maintaining and repairing the air conditioning system's condenser units and piping and other facilities located within the Common Elements and/or Limited Common Elements. Each Owner acknowledges that their use and enjoyment of their unit may be impacted by air conditioning condenser units serving other units, as certain air conditioning condenser units serving upstairs or adjacent Units are located near, adjacent to and in some instances below bedroom windows, living areas, lanais, and entries. Each Owner approves and consents to this impairment of their use and enjoyment of their Unit.

5. **Government Regulations.** If there is any conflict between the requirements or actions of the Board and the mandatory regulations or ordinances of any governmental entity relating to the Community, the government regulation or ordinance, to the extent that such regulations and ordinances are more restrictive, shall control, and the Board shall modify its requirements or actions to conform to the government regulation or ordinance; provided, however, that if the governmental rules or regulations are less restrictive, the provisions of the Declaration shall nonetheless apply. The application by an Owner for review and approval by the Board of any plans and specifications or other submittals by such Owner shall in no way be deemed to be satisfaction of compliance with any applicable statute or law, or governmental rule or regulation or public utility requirement (hereinafter collectively referred to as "**Additional Requirements**"); provided, however, if the Additional Requirements are less restrictive than the provisions of the Declaration, the provisions of the Declaration shall nonetheless apply.

6. **Diligence In Construction.** Upon final approval of any plans and specifications, the Owner shall promptly commence construction within sixty (60) days after final approval of any Plans and Specifications and diligently pursue the same to completion and complete such

construction within six (6) months of the commencement of construction unless a longer time is authorized in writing by the Board.

(a) Except for Home-Based Small Businesses (defined below) otherwise or as provided in the Declaration, and subject to the limitations specified in **Section H.1.** of the Declaration, the Residential Units shall at all times be occupied and used only for residential purposes in accordance with applicable laws, the Declaration, and the Bylaws, and for no other purposes. Without limiting the foregoing, no Unit shall be used or caused, allowed, or authorized to be used in any way, directly or indirectly, for any business, commercial, manufacturing, mercantile, storing, vending, or other such non-residential purpose.

(b) **"Home-Based Small Business"** shall mean a business which: (i) is operated solely within the Residential Unit incidental to the use of the Unit for residential purposes; (ii) is limited to arts and crafts, the rendition of professional services not permitting client visitation, or other similar activities; (iii) is operated by the Owner of the Residential Unit (or a member of such Owner's family) whose principal residence is the Residential Unit; (iv) is permitted by, and is at all times in compliance with, all applicable laws, the Declaration, the Bylaws, and the Community Rules; (v) maintains at all times, any licenses and permits necessary for such business as required by law; (vi) maintains a policy or policies of public liability insurance in an amount which is reasonable for such business and any additional insurance as determined by the Association, in each case naming the Association as an additional insured; (vii) does not result in (A) the violation of any of the provisions of the Declaration, (B) any unreasonable increase in the flow of traffic within the Community, (C) any odor, noise, or vibration outside of the Residential Unit, or (D) parking problems within the Community; and (vi) excludes in all cases manufacturing, kilns, hammering and sawing. No Owner, lessee, tenant, or other occupant of a Residential Unit shall regularly bring clients, customers, or other business invitees onto the Community for business purposes.

2. **Live-Work Units.**

(a) Subject to the limitations specified in **Section H.2** of the Declaration, Live-Work Units inclusive of the Limited Common Elements appurtenant to such Units, shall at all times be occupied and used (i) only for residential purposes, in which event the limitations on use of Residential Units shall be applicable to the Live-Work Unit, (ii) for a mixture of residential and commercial purposes in accordance with applicable laws, the Declaration and the Bylaws, if

EXHIBIT K

a Conversion Declaration has been Recorded in respect of the applicable Unit or (iii) as a Designated Commercial Live-Work Unit if Declarant has exercised its rights to classify the applicable Unit, and for no other purposes. If denominated by Declarant by Conversion Declaration, the interior living area of a Live-Work Unit consisting of (1) the ground floor hall and the interior stairwell serving the second floor of such Units and the second floor of such Units and any other portion of the ground floor designated in the Conversion Declaration shall be used solely for residential purposes, subject to the use limitations imposed on Residential Units, and (2) the ground floor of such Units inclusive of "live work" space shown on the Condominium Map and such other portions thereof designated in the Conversion Declaration, but excluding the ground floor hall and stairwell serving the residential portion of the Unit and any other portion of the ground floor designated for residential purposes in the Conversion Declaration, may be used for commercial or residential purposes. If such commercial use portion of a Live-Work Unit is used for commercial purposes, such portion of the Unit shall be operated and used only for those commercial purposes or uses authorized in the Permitted Commercial Uses Exhibit of the Declaration with respect to Live-Work Units, subject to the limitations contained in the Declaration and/or approved by the Commercial Use Committee and Declarant. All AMX-2 uses requiring a major conditional use permit or plan review use permit are specifically prohibited in Live-Work Units. No commercial use of a Live-Work Unit for which a Conversion Declaration has been Recorded shall be undertaken or permitted unless first approved in writing by Declarant or the Commercial Use Committee.

(b) Notwithstanding the specific examples of permitted uses set out in the Permitted Commercial Use Exhibit of the Declaration and subject to the right of the Declarant to prohibit a use, the Commercial Use Committee may authorize other uses, using reasonable discretion, so long as such other uses do not detract from the overall image of the Community, and are not otherwise precluded by law. The Commercial Use Committee will consider the effect on Live-Work Units in the Community, and the Commercial Use Committee shall not approve a use in a Live-Work Unit that has a materially adverse impact on any other Unit in the Community or on the Property (as defined in the Master Declaration). The Commercial Use Committee may fairly and reasonably define the Permitted Commercial Uses, from time to time, more clearly than the guidelines outlined in the Declaration. The Commercial Use Committee may establish special Rules and Regulations to apply specifically to the Live-Work Units. Moreover, the Commercial Use Committee has adopted the Commercial Use Committee Guidelines establishing procedures allowing Owners and Persons under contract to purchase a Live-Work Unit in the Community to apply to the Board for written authorization of a proposed business use, which must be adhered to by Owners.

3. **Commercial Units.** Subject to the limitations specified in the Master Declaration and the Declaration, Commercial Units, inclusive of the Limited Common Elements appurtenant to such Unit, shall at all times be occupied and used only for commercial purposes in accordance with applicable laws, the Declaration and the Bylaws, and for no other purposes. Specifically, Commercial Units may be operated and used only for those commercial purposes or uses authorized by the Permitted Commercial Uses Exhibit of the Declaration in respect of the particular Commercial Unit type (e.g. Retail Commercial Unit use is less restrictive in character) and approved as required by **Section H.2.** of the Declaration. No commercial use of a Commercial Unit shall be undertaken or permitted unless first approved in writing by Declarant or the Commercial Use Committee. The Owner of a Commercial Unit shall have the absolute right to rent or lease all or any portion or portions of such Commercial Unit in connection with such commercial operations or use for any length of time and upon such terms and conditions as such Owner or Owners shall determine for a term not less than three (3) months, and to retain the revenues and rents generated from operations, provided, however, that any

EXHIBIT K

subdivision or partition of such Commercial Unit shall be strictly prohibited, unless authorized by Declarant. Declarant reserves the right to change the permitted uses that may be undertaken with a Commercial Unit, to make alterations to the Commercial Unit and the Limited Common Elements appurtenant thereto and to change the use of the Limited Common Elements, as set forth in, among other provisions, the Declaration. A Commercial Unit shall have an appurtenant easement pursuant to which the Owner's representatives, vendors, licensees, and invitees have the right, for purposes of the business conducted in a Commercial Unit, or the Limited Common Elements appurtenant thereto, to do the following things:

(a) To enter the Community using the Common Elements intended for access to and from any nearby roads or streets;

(b) To make deliveries using delivery area identified as "Loading" or "Loading Zone" on the Condominium Map or located within the Commercial Unit's Limited Common Element designated for such commercial delivery area subject to the limitations contained in the Declaration or established by the Commercial Use Guidelines or by the Community Rules;

(c) To use the Common Elements for ingress and egress as may be reasonably necessary or convenient in connection with the ordinary course of business operations in the Commercial Unit and its appurtenant Limited Common Elements; and

(d) To use the Plazas (or portion thereof) on an exclusive or non-exclusive basis, as allowed under the Declaration and/or as permitted by and subject to rules or guidelines established by the Master Association Board of Directors for use of the Plazas, which rules and guidelines may be included in the Commercial Use Guidelines;

(e) With respect to Units 202(C) to 204(C), inclusive, and 101(C) to 103(C), inclusive, to access the grease interceptor area identified on the Condominium Map, and, subject to securing the requisite approvals required under the Declaration, install therein required grease interceptor facilities and underground piping to create a grease interceptor system serving such units individually and connect the same to the appurtenant sewer lines;

(f) With respect to 201(C) to 204(C), inclusive, and 101(C) to 104(C), inclusive, to access the air conditioning bay areas identified on the Condominium Map on the roof of the buildings in which such Units are located (see BLDG TYPE 1 Roof Plan Sheet CPR-5), and, subject to securing the requisite approvals required under the Declaration, install therein above each respective Unit air conditioning systems and piping to serve the specified Units; and

(g) To access the "Future Propane Tanks" area identified on the Condominium Map most adjacent to the building in which the Units are located, and, subject to securing the requisite approvals required under the Declaration, install therein propane tank facilities, metering facilities, and underground piping to establish propane gas service to such units; provided any such installation approval may be conditioned upon the installation of protective fencing and signage as determined appropriate by the Board or the DRC.

4. Owners' Transfer Rights.

(a) No Timeshares. No Unit or any interest therein shall be sold, transferred, conveyed, leased, occupied, rented, or used for or in connection with any timesharing purpose or under any timesharing plan, arrangement, or program, including, without limitation, any so-

EXHIBIT K

called "vacation license," "travel club membership," "exchange program" or "time-interval ownership" arrangement. The term "timesharing" or "timeshare" as used in this Section and in **Section H.4.** of the Declaration shall be deemed to include, but is not limited to, any plan, program, or arrangement under which the right to use, occupy, own, or possess a Unit rotates among various persons on a periodically recurring basis according to a fixed or floating interval or period of time, whether by way of deed, lease, association, or club membership, license, rental, or use agreement, co-tenancy agreement, partnership, or otherwise.

(b) Owners' Right to Sell, Lease and Transfer. Subject to **Section H.4(a)** of the Declaration, and the limitations contained in the Declaration, the Unit Owners shall have the absolute right to sell, lease, rent, or otherwise transfer their respective Units subject to all provisions of the Act and the Community Documents. Without limitation of the foregoing, Declarant shall have the absolute right to rent Units owned by Declarant. No Unit, other than a Commercial Unit, may be leased or rented for an initial term of less than thirty (30) days (or such longer period as may be required by ordinance of the County to avoid classification of the Unit as a "transient vacation unit"). No Owner may rent any Residential Unit or Live-Work Unit in any manner by which the occupants of the Unit are provided customary hotel or similar services, such as room service, maid service, laundry or linen service or bell service. Any lease or rental agreement of a Unit shall provide that it shall be subject in all respects to the provisions of the Community Documents and that the failure of the lessee or tenant to comply with the terms of the Community Documents shall be a default under the lease or rental agreement. Any Unit Owner leasing or renting a Unit shall provide the Association with a copy of such lease or rental agreement as soon as possible upon execution. If an Owner of a Unit desires to make an arrangement for rental or occupancy of his Unit, then the Owner must make such arrangement without the involvement or participation of Declarant. **DECLARANT HAS NOT AUTHORIZED ANY AGENT, EMPLOYEE, SALESPERSON OR BROKER TO MAKE ANY REPRESENTATIONS AS TO RENTAL OR OTHER INCOME FROM ANY UNIT OR AS TO ANY OTHER ECONOMIC BENEFIT, INCLUDING POSSIBLE ADVANTAGES FROM THE OWNERSHIP OF A UNIT UNDER FEDERAL OR STATE TAX LAWS, TO BE DERIVED FROM THE PURCHASE OF A RESIDENTIAL UNIT, LIVE-WORK UNIT, OR COMMERCIAL UNIT IN THE COMMUNITY.**

5. Use of Parking Stalls. Use of those parking stalls, if any, which are not designated as Limited Common Elements appurtenant to any specific Unit or as Declarant Reserved Stalls, may be governed by rules and regulations adopted in accordance with the Bylaws to assure equitable use of the stalls by all Owners. The Board of Directors may install parking meters, gates, security devices, checkpoints and or equipment appropriate to this end and may issue stickers or adopt an allocation system. Each Owner acknowledges that parking stalls may be used by Residential, Live-Work and Commercial Unit Owners and their respective invitees, tenants and guests. Pursuant to Mehana at Kapolei Signage Guidelines, Commercial Unit Owners may, subject to the conditions therein specified, apply for the right to identify designated Commercial parking stalls.

6. Use of Common Elements. Subject to the rights reserved by Declarant elsewhere in the Declaration or in the Bylaws or other Community Documents and subject also to the exclusive or limited use of the Limited Common Elements that may be specified in the Declaration, each Unit Owner may use the Common Elements in accordance with the purposes for which they were intended without hindering or encroaching upon the lawful rights of the other Unit Owners, subject to the rights of the Board of Directors:

EXHIBIT K

(a) To change the use of the Common Elements upon the approval of seventy five percent (75%) of the Unit Owners, provided that the change does not adversely affect (1) Declarant's rights and interests in the Common Elements or the Limited Common Elements or (2) the Easements of any Unit Owner, including Declarant, in a Limited Common Element, without first having secured the permission of the adversely affected Owner;

(b) On behalf of the Association, to lease or otherwise use for the benefit of the Association, including, without limitation, to grant easements and enter into licenses respecting, those Common Elements that, in accordance with Section 514B-38(5) of the Act, the Board determines are not actually used by any Unit Owners for a purpose permitted in the Declaration so long as it does not adversely affect Declarant's rights and interests in the Common Elements, provided that, unless the approval of seventy-five percent (75%) of the Owners is obtained, such lease shall not have a term of more than five (5) years and shall contain a provision that the lease or agreement for use may be terminated by either party thereto on not more than sixty (60) days' written notice; provided, however, that the foregoing approval requirement shall not apply to any leases, licenses, or other agreements entered into for the purposes authorized by Section 514B-140(d) of the Act; and

(c) Provided it does not adversely affect Declarant's rights and interests in the Common Elements or Limited Common Elements, to lease or otherwise use for the benefit of the Association those Common Elements and elements that, in accordance with Section 514B-38(6) of the Act, the Board determines are actually used by one or more Unit Owners for a purpose permitted in the Declaration upon obtaining the approval of seventy-five percent (75%) of the Owners, including all directly affected Owners that the Board reasonably determines actually use such Common Elements, and the Owners' mortgagees, provided that the foregoing approval requirement shall not apply to any leases, licenses, or other agreements entered into for the purposes authorized by Section 514B-140(d) of the Act.

(d) To enact, amend and repeal rules and regulations reasonably restricting and regulating use of the Common Elements, provided that such rules and regulations shall be enacted, amended or repealed in accordance with and shall be consistent with the terms of the Community Documents.

7. **Use of Unit-Generally.** A Unit Owner shall not use his or her Unit and/or any appurtenant Limited Common Element for any purpose which will injure the reputation of the Community or suffer anything to be done or kept in his or her Unit or elsewhere in the Community which will (a) jeopardize the soundness of any building in the Community, (b) create a nuisance or interfere with or unreasonably disturb the rights of other Owners and occupants, (c) increase the rate of fire insurance on any structure or the contents of any structure, or (d) reduce the value of the Community or any structure in the Community.

8. **Signs, Etc.** The Owner of any Unit will not, without the prior written consent of the Board, display any sign or place any other thing in or upon any doors, windows, walls or other portions of the Unit or the Common Elements so as to be visible from the exterior, unless specifically permitted by the Community Rules. This restriction shall not apply to signs identifying the business of a Commercial Unit, the parking stall appurtenant to such Commercial Unit or the business conducted in the commercial use portion of a Live-Work Unit, provided such sign complies with the Signage Guidelines and is first approved in writing by (i) Declarant or (ii) the Commercial Use Committee. 9. **Restrictions and Responsibility Regarding Use of Units.**

(a) **Special Restrictions Applicable to All Units.** Without limiting the application of any other provision of the Declaration, no use or operation shall be made, conducted, or permitted on or with respect to all or any part of the Community, which use or operation violates applicable laws or the provisions of the Declaration. No Unit shall be used for any of the following activities or purposes:

Such Disabled Parking Stalls may be assigned by Declarant to the Owners of particular Units upon the initial sale of such Units or may be designated for use by the Owner of a Commercial Unit and such Owner's invitees, jointly. Declarant shall, upon assigning a Disabled Parking Stall to an Owner, designate such assignment in the records of the Association and such Disabled Parking Stalls shall constitute Limited Common Elements appurtenant to the Unit to which the stall is assigned. If any Disabled Parking Stalls remain unassigned after the sale of all the Units in the Community, the Board shall have the right to assign and manage such spaces unless the same have reserved to Declarant in the Declaration. The Owners who are assigned Disabled Parking Stalls shall be subject to the rights of the Board to re-assign such parking stalls. Evidence of disabled status shall be by distinguishing license plate or placard issued by the Hawaii Department of Motor Vehicles. Except for Declarant Reserved Parking Stalls, the Board shall have the authority and be responsible for coordinating the assignment of parking stalls pursuant to **Section H** of the Declaration and shall adopt rules and regulations with respect thereto, including the procedure to be followed should an Owner or occupant become disabled and wish to use a Disabled Parking Stall, forms and methods of notice to be given to the Board and Owner, and procedures for review of the required evidence of disabled status. The Board shall maintain appropriate records of such assignment, including a copy of the evidence provided. In no event shall the Declarant or the Association be held liable if the Declarant or the Association is unable to assign a Disabled Parking Stall to a disabled Owner because all designated Disabled Parking Stalls have previously been assigned to other disabled Owners.

(b) Authorized Vehicles. The following vehicles are "**Authorized Vehicles**": motorized land vehicles designed and used primarily for non-commercial passenger transport, such as automobiles, passenger vans designed to accommodate ten (10) or fewer people, two-wheel motorcycles, pick-up trucks having a manufacturer's rating or payload capacity of one (1) ton or less, and any vehicle owned, used, or authorized by Declarant. Subject to **Section H.19** of the Declaration, Authorized Vehicles may be parked in the parking areas in the Community intended for parking of motorized vehicles.

(c) Prohibited Vehicles. The following vehicles are "**Prohibited Vehicles**": recreational vehicles (e.g., motor homes, travel trailers, camper vans, boats, dune buggies, etc.), stake bed trucks, tank trucks, dump trucks, step vans, concrete trucks, or other similar vehicles, buses or vans designed to accommodate more than ten (10) people, vehicles having more than two (2) axles, trailers, including, without limitation, boat trailers, inoperable vehicles or parts of vehicles, aircraft, other similar vehicles, or any vehicle or vehicular equipment deemed a nuisance by the Board. Prohibited Vehicles shall not be parked, stored, or kept in any parking or loading areas in the Community. This prohibition shall not prohibit use of such vehicles in connection with deliveries to Commercial Use Units, provided, such vehicles shall not remain in any parking or loading area any longer than required to permit loading and unloading of any delivery.

(d) General Restrictions. All Authorized Vehicles owned or operated by or within the control of an Owner or a resident of an Owner's Unit and kept within the Property shall be parked in that Owner's assigned parking stalls. No vehicle shall be parked in any parking stall if such vehicle does not completely and clearly fit between the painted parking lines designated for a parking stall or otherwise physically fit wholly within the designated space (the boundaries of which are the ground surface, any street side curb or garage wall, the interior edge of the painted stall striping, an imaginary line connecting the driveway edge of the painted stall striping, the lowest surface of the ceiling above the areas or any protruding pipe or apparatus above the stall area, or if there is no ceiling, the imaginary horizontal plane 7.5 feet above the surface of the floor or ground) or any other portion of the parking areas in the Property designed for ingress and egress of vehicles. There shall be no parking in the Property that obstructs free traffic flow, constitutes a nuisance, violates the Community Rules, or otherwise creates a safety hazard. The parking areas in the Property shall be used for parking Authorized Vehicles only and shall not be used for storage, living, recreational, or business purposes (except for storage in authorized storage spaces, if any). No maintenance, repair, restoration, or construction of any vehicle shall be conducted on the Property.

(e) Traffic and Parking Regulations.

(1) The Board shall have the right to police and regulate traffic in and otherwise control the use of parking areas and streets within the Community to minimize adverse effects and over-crowdedness attributable to commercial use. In furtherance of that right, Declarant and the Commercial Use Committee, at the request of the Board, may promulgate reasonable written rules and regulations with respect to such areas, and those rules and regulations shall be binding upon Owner on notice of the adoption and delivery of the rules and regulations to Owners. For the enforcement of said rules and regulations, the Board or the Commercial Use Committee, as designated in such rules and regulations, shall have the same remedies as if said rules and regulations were expressly incorporated herein, in addition to all other legal or equitable remedies, whether or not provided for in the Declaration.

(2) Without limitation of the rights of Declarant or Commercial Use Committee, reasonable rules and regulations ("**Parking Rules**") may address or require, among other matters:

(i) a Commercial Use Unit occupant to offer, at their expense, valet parking during peak operating hours, as determined by Declarant or the Commercial Use Committee;

(ii) off street parking for all commercial customers or invitees;

EXHIBIT K

- (iii) employee parking outside the Community; and
- (iv) permitted users of and hours of permitted use of the Commercial Loading Zone shown on the Condominium Map or any other area labeled as "Loading" on the Condominium Map.

19. **Community Rules Respecting Parking.** Declarant has the exclusive right to use and/or assign any parking stalls that are not appurtenant to any specific Unit, including any parking stalls reserved to Declarant in the Declaration or in a Recorded amendment to the Declaration. Declarant may relinquish this right and if Declarant waives this right with respect to any one or more unassigned parking stalls, use of those unassigned parking stalls, if any, may be governed by rules and regulations adopted in accordance with the Bylaws to assure equitable use of the stalls by all Owners. The Board of Directors may install parking meters, gates, security devices, checkpoints, other equipment appropriate to this end and may issue stickers or adopt a permit or an allocation system, and improvements relating to electric vehicle use. Without limiting the foregoing, the Board may establish additional regulations as it deems appropriate in its sole discretion with regard to street parking within the Community and with respect to any of the parking areas not assigned to individual Units, including, without limitation, designating "residential guest parking," "commercial parking," "parking," and "no parking" areas thereon, and electric vehicle use. Any parking areas shall be subject to such further reasonable control and use limitations as the Board may establish. The Board shall determine, in its discretion, whether there is a violation of the parking and vehicular restrictions set forth in the Declaration or established by the Board, and, if such noncompliance is determined by the Board to exist, the Board shall have the power to enforce all parking and vehicle use regulations applicable to the Property, including the power to remove violating vehicles from any of the Property pursuant to law. To enforce such a system, the Board and the Declarant shall also have the power to adopt and implement a ticket, fine, and towing program to foster compliance with any parking regulations that may be adopted. Non-payment of any approved fines or tickets may be treated as the equivalent of non-payment of common expenses and afford the Board and Declarant with same enforcement rights available under the Declaration with respect to such items.

20. **Declarant's Rights With Respect to Parking Stalls.** The restrictions in use set out in **Sections H.17(b) – (e)**, inclusive, and **H.18** of the Declaration shall not apply to Declarant and the parking stalls reserved to Declarant.

21. **Declarant's Limited Warranty.** The Common Elements and their use is subject to an express limited warranty by Declarant in favor of the Association, which is conditioned on, among other items, appropriate regular and routine maintenance, inspection and repair of the Common Elements by the Association set out in Declarant's Limited Warranty, which shall be effective upon the recording of the Declaration and a copy of which shall be provided to the Association. An appropriate validation or confirmation form, described below and in Declarant's Limited Warranty, will be delivered to the Association NOT later than the first annual meeting of the Owners. It is expressly understood and agreed by and between Declarant and each Owner and the Association that, other than this express limited warranty, **DECLARANT MAKES NO WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE COMMON ELEMENTS, THE COMMUNITY OR CONSUMER PRODUCTS OR OTHER THINGS WHICH MAY BE INSTALLED OR WHICH ARE CONTAINED IN THE COMMON ELEMENTS OR THE COMMUNITY, INCLUDING BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, HABITABILITY, WORKMANLIKE CONSTRUCTION OR FITNESS FOR**

A PARTICULAR USE. During the term of Declarant's Limited Warranty, the Association shall in each and all instances permit Declarant or Declarant's designated representative to repair any and all items classified by Declarant as items covered by Declarant's Limited Warranty. The Association and its members shall have no further rights and Declarant no further obligation to the Association and/or its members in respect of such matters repaired by Declarant or Declarant's representative.

In providing for the maintenance, management and repair of the Common Elements pursuant to **Section H.21** of the Declaration, the Association shall comply with each of those obligations specified in the Declarant's Limited Warranty delivered by Declarant to the Association and undertake each of those actions therein required to be taken by the Association. In that regard, the Association shall let appropriate contracts to service professionals in order to provide and shall provide regular and routine maintenance, inspection and repair of the Common Elements. Without limitation of the obligations imposed on the Association pursuant to **Section H.21** of the Declaration, the Association, through its Board, shall execute all necessary documents in order to effectuate Declarant's Limited Warranty, including without limitation, the Limited Warranty confirmation or validation form, which can be found at confirm.rwcwarranty.com. With respect to the Declarant's Limited Warranty, the Association acknowledges and agrees:

- With respect to items covered under Declarant's Limited Warranty, the Association hereby waives all other express or implied warranties, as set forth in Declarant's Limited Warranty, to the fullest extent permitted by law.
- The Association shall satisfy each and every requirement contained in Declarant's Limited Warranty, including without limitation those for written notice, access, right of repair and review etc., as detailed in Declarant's Limited Warranty.
- The Board has received and shall maintain a copy of Declarant's Limited Warranty and further understands and acknowledges that only those Defects identified in Declarant's Limited Warranty are covered by the limited warranty and only to the extent provided in Declarant's Limited Warranty.
- The Association has and undertakes to perform those affirmative maintenance obligations as set forth in Declarant's Limited Warranty, in addition to any maintenance obligations otherwise required by the Declaration or by applicable law.

22. **Rights of Persons with Disabilities.** Subject to the provisions of the Declaration, each Owner shall have the right to modify the Owner's Unit and the Board and/or the Declarant has the right to modify the route over the Common Elements leading to the front door of the Unit, at the Owner's sole cost and expense, in order to facilitate access to the Unit by persons who are blind, visually handicapped, deaf, or physically disabled, or to alter conditions which could be hazardous to such persons. The rights granted by **Section H.22.** of the Declaration are further subject to the following conditions: (a) the modifications shall be consistent with applicable building code requirements; (b) the modifications shall be consistent with the intent of otherwise applicable provisions of the Declaration pertaining to safety or the aesthetic integrity of the Community; (c) the modifications which are external to the Unit shall not prevent reasonable passage by other Owners or invitees on the Community, and shall be

EXHIBIT K

removed by the Owner when the Unit is no longer occupied by persons requiring those modifications; (d) any Owner who intends to modify a Unit pursuant to **Section H.22.** of the Declaration shall submit their plans and specifications to the Board for review to determine whether the modifications comply with the provisions of the Declaration; and (e) any change in the exterior appearance of a Unit shall be in accordance with the provisions of the Declaration and all applicable provisions of law. Any Owner with a disability desiring such a modification shall make such request, in writing, to the Board. That request shall set out, with specificity and in detail, the nature of the request and the reason that the requesting party needs to be granted such the modification. The Board shall not unreasonably withhold or delay its consent to such request and the Board shall not deny approval of the proposed modifications under **Section H.22.** of the Declaration without good cause.

23. **Commercial Plazas.** Without limitation of the rights reserved to the Declarant in **Section E** of the Declaration, the Plazas and any portion thereof as shown on the Condominium Map shall be available for use by persons from outside the Community over whom Declarant has no control. Declarant intends to and may (i) designate any portion of the Plazas for the exclusive use of one or more of the Commercial Units, or (ii) grant an easement over the Plazas to the Master Association and reserves the right to designate or grant the same, as appropriate, without consent or joinder of or notice to any Person. Such designation or grant by Declarant may include (y) rights to use exclusively or non-exclusively the janitor and/or electric closet in Building 1 for use in connection with Plaza maintenance and (z) the right to regulate the Commercial Restroom and the Commercial Use Guidelines. Pursuant to any designation of a portion of the Plazas for the exclusive use of one or more of the Commercial Units, such designated Commercial Unit(s) shall be responsible for the maintenance and upkeep of the Plazas which may be addressed through a license, lease, or by designating such area as a Limited Common Element of such designated Commercial Unit(s); provided however that such Commercial Unit(s) shall be responsible for customary maintenance similar to the standard of the surrounding areas. To the extent not designated for the exclusive use of any Commercial Unit(s), pursuant to any grant to the Master Association, the Master Association shall be responsible for the maintenance and upkeep of the Plazas as common areas of the Master Association and shall control uses within the Plazas. All cost of such upkeep may be assessed to the Commercial Units by the Master Association by way of Subdistrict Assessment to the Association and the Association is specifically permitted to assess such special assessments to the Commercial Units as if the Plazas were Limited Common Elements appurtenant to the Commercial Units. Use of the Plazas may cause noise, odors, vibrations, traffic and other disturbances that are objectionable by some people, and may adversely affect an Owner's use and enjoyment of their Unit. To the extent the Plazas are not designated for the exclusive use of any Commercial Unit(s), the Master Association may permit specified commercial uses with the Plazas and may license use of all or a portion of one or the other of the Plazas to Commercial Units.

(a) **Improvements and Pests.** Except as otherwise specifically provided in the Declaration, any Supplemental Declaration, or any agreement with the Association, the performance and cost of all maintenance and repair of each Limited Common Element, including, without limitation, any Private Yard Area, and all structures, parking areas, landscaping and other Improvements located on or within such Limited Common Element shall be the sole responsibility of the Owner of the Unit to which such Limited Common Element is appurtenant. Each Owner shall maintain all Improvements, including landscaping upon or within such Owner's Private Yard Area, in a state of good condition and repair in accordance with the Declaration. Any Improvement shall comply with the County Ordinance 04-46, the Unilateral Agreement, any sight distance restrictions and the Design Guidelines. No Owner or

EXHIBIT K

occupant shall landscape or plant in any area controlled by the Association or otherwise interfere with the landscaping and maintenance of such landscaping as performed by the Association. No such Owner or occupant shall interfere in any manner with the proper and effective operation of the irrigation facilities, if any, located in or on such common areas or easement areas, including any automatic or electric timer system(s) associated with such facilities. Further, each Owner acknowledges and agrees that the Owner is responsible for the control of pests (termites, insects, rodents and the like) in or around the Owner's Unit and appurtenant Limited Common Element(s), including, without limitation, any Private Yard Areas and Improvements to the Private Yard Area. Notwithstanding anything to the contrary in the Declaration, responsibility for maintenance shall include responsibility for repair and replacement, as necessary. Notwithstanding anything to the contrary contained in the Declaration, each Owner shall have and shall comply with each of those obligations specified in the Declarant's Limited Warranty and undertake each of those actions therein required to be taken by the Unit Owner.

24. Maintenance.

(a) Appearance of Improvements. Each Owner shall maintain the Unit, appurtenant Limited Common Elements, and the exterior appearance of the Improvements to their Private Yard Area in a neat and attractive manner, consistent with the surrounding areas in accordance with the provisions of the Declaration and the maintenance responsibilities set out in **Exhibit J-2** to the Declaration. Each Owner shall also be responsible for maintenance of the any and all split system air conditioning systems servicing the Owner's Unit (whether components therefor are located in the Owner's Private Yard Area, another Unit's Private Yard Area or in the common elements of the Community).

(b) Improper Maintenance and Use. In the event any portion of a Unit or Limited Common Element, including, without limitation, any Private Yard Area is so maintained as to present a public or private nuisance or an unreasonable condition (as determined by the Board) with respect to other Owners or occupants, or as to substantially detract from the appearance or quality of the surrounding Private Yard Areas or other areas of the Community, or in the event any portion of a Unit or Limited Common Element, including without limitation, any Private Yard Area is being used in a manner which violates the Declaration, the Community Rules or any applicable Supplemental Declaration, or in the event the Owner of a Unit is failing to perform any of such Owner's obligations under the Declaration, any applicable Supplemental Declaration or Community Rules, the Board may by resolution, make a finding to such effect, specifying the particular condition or conditions which exist, and pursuant thereto, give notice to the offending Owner that, unless corrective action is taken within ten (10) days, the Board may cause such action to be taken at the Owner's cost. If, at the expiration of said ten (10) day period of time, the requisite corrective action has not been taken, the Board shall be authorized and empowered to cause such action to be taken and the cost thereof shall be a special assessment against the offending Owner and the Owner's Unit, secured by a special assessment lien enforceable in accordance with **Section K.1** and **Section O** of the Declaration.

25. Design Guidelines. Each Owner shall comply with the Design Guidelines, which include, without limitation, the Mehana Design Guidelines, the Supplemental Design Guidelines described in the Master Declaration and any supplemental architectural standards contained in the Community Rules.

26. Grade of Private Yard Areas. Each Owner shall maintain the grade and ground cover of the Owner's Private Yard Area so as to prevent soil erosion and, excessive water

EXHIBIT K

run-off onto any neighboring Private Yard Area or Common Element, and the ponding of any water on the Private Yard Area. Such erosion and ponding may contribute to expansion or shrinking of soils underlying improvement and damage the area.

27. **Landscaping.**

(a) All Private Yard Areas shall be landscaped in accordance with plans that comply with the Declaration, the Master Declaration and the Design Guidelines and the Community Rules. Landscaping on all Private Yard Areas shall be maintained in a neat and attractive manner, consistent with any surrounding common areas and shall conform to any additional landscape maintenance standards established in the Design Guidelines and which may be established under the Declaration and the Master Declaration. The entire Private Yard Area must be landscaped within 90 days after Recordation of the Deed to Owner. In the event an Owner fails to landscape these areas on Owner's Private Yard Area within 100 days after Recordation of the Deed to the Owner's, either the Declarant or the Association may, at their respective option, perform all such clearing and landscape work and the Owner shall reimburse the Declarant or the Association, as the case may be, for the cost thereof upon demand together with interest thereon at the maximum rate allowed by law; provided, however, that the cost thereof does not exceed \$5,000, exclusive of interest. All such sums expended shall be a special assessment lien on the Unit, subject to foreclosure in accordance with **Section K.1(c)** and **Section O** of the Declaration.

(b) Similarly, if after 30 days following written demand, the Owner fails to maintain, repair and/or restore, as the case may be, the landscaping on the Private Yard Area in a neat and attractive manner, the Declarant or the Association may at their respective option perform the work and shall be reimbursed therefor, together with the interest on amounts advanced to perform such work. Any sums not paid by the Owner on demand shall be a lien against the Unit, subject to foreclosure as herein permitted. In order to prevent possible termite damage to the Unit, Owner shall not (i) grow any plants or place any type of sprinkler or irrigation system within two (2) feet of the Unit, (ii) dig within two (2) feet of the Unit, (iii) construct any hardscape improvement (pavers, stepping stones, concrete and the like) that touch the Unit, without treating the ground beneath the improvement for termites, (iv) allow soil to touch any wooden part of the Home, or (v) leave wood, cardboard or other similar product on the ground near your Unit.

28. **Trees and Planting Strip Area.** Declarant may plant trees in Private Yard Areas or in the Common Elements within the Community and along the Community Access Drive(s) in the Community, including without limitation the planting strip between the curb and the sidewalk (the "**Planting Strip Area**"). No trees planted by Declarant shall be removed, changed or relocated without the prior written consent of Declarant and the County agency or agencies with jurisdiction thereover. The Association shall be responsible for the proper maintenance and care of any trees planted in any Planting Strip Area adjacent to the Community. Each Owner shall be responsible for the proper care and maintenance of any tree and/or landscaping planted in such Owner's Private Yard Area. Under no circumstances may the Association or any Owner alter the Planting Strip Area without written permission of the Board of Directors and Declarant. Each Owner is prohibited from altering, modifying, removing, or adding any tree to the Planting Strip Area and may not without limitation (i) fill in the ground area of the Planting Strip Area, (ii) pile building materials or equipment in the Planting Strip Area, (iii) poison any landscaping in the Planting Strip Area, (iv) post any signs or notices in the Planting Strip Area, or (v) damage any tree in the Planting Strip Area. County ordinance restricts the removal of trees growing in the Planting Strip Area and may restrict the alteration of any landscaping in the

EXHIBIT K

Planting Strip Area, without first obtaining a permit from DPP, or in emergencies, the traffic engineer and the chief engineer of the County. Owners may not plant trees in the Planting Strip Area, landscape, or alter the landscaping in the Planting Strip Area without first obtaining an appropriate Street Tree Planting Permit from DPP and/or approval of the Declarant. The County may prohibit any person from injuring or destroying street trees in any manner, including but not limited to: (i) the filling in of the ground area around the tree; (ii) the piling of building materials or equipment which may injure the tree; (iii) poisoning the tree or parking strip area; (iv) the posting of any signs or notices on any tree; and (v) the damaging of any tree.

29. **Exterior Lighting.** Any exterior lighting used in any Private Yard Area shall be suitably dimmed, screened, shaded or diffracted so that no offensive glare from the light sources is visible from any neighboring Private Yard Area or from the street. Owners shall properly maintain any exterior lighting fixtures located within Owners' respective Private Yard Areas.

30. **Existing Drainage Facilities and Easements.** Neither the Association nor any Owner shall alter the existing drainage pattern within the Community or on any Private Yard Area, nor shall any Owner modify any existing drainage facility located on the Owner's Private Yard Area. Private Yard Area Owners shall be responsible for maintaining the existing drainage pattern within Owners' respective Private Yard Areas. The Owner of a Private Yard Area on which any drainage ditch facility or portion thereof is located shall be responsible, at the Owner's cost, for the maintenance, repair and cleaning, as required, of the drainage ditch facilities located on the Owner's Private Yard Area. The County shall be responsible for the maintenance of the underground drainage facilities located on a Private Yard Area, if any, which are constructed for the benefit of the County.

31. **Existing Fences and Walls.** Among the Improvements constructed by Declarant are various vinyl or aluminum fences and masonry or cementitious walls located within various Private Yard Areas or along Private Yard Area boundaries. The Owners may not remove or alter such fences or walls. The locations of the fences or walls shown on the Condominium Map are tentative and may be changed at any time, all without further notice to Owner. The final locations of the fences and walls will be shown on the Condominium Map filed with the "as built" statement.

32. **Future Additions and Alterations.** No Owner shall add to or alter any Improvement constructed by the Declarant, including the Units, without the prior written consent of the County Agency with jurisdiction thereover, DPP, the DRC and to the extent required hereunder the Board and/or the Commercial Use Committee. All Improvements constructed within the Private Yard Areas by an Owner shall conform with the requirements of the Declaration, the Master Declaration, and the Design Guidelines, if any, and the restrictions contained in the Declaration. Specifically, but without limitation, yard setbacks and the height of all Improvements on each Private Yard Area shall comply with any and all applicable zoning requirements, including, without limitation, any applicable requirements of the "Land Use" or "Zoning" or "Building" Ordinance for the County. In the event of a conflict between the Declaration, the Master Declaration, and the Design Guidelines, the more restrictive provision shall control. Before commencing any alterations of a Unit or Improvement in a Private Yard Area, the Owner shall deliver to the Association a copy of the DRC written approval of the same and applicable building permit.

33. **Right of Removal.** Any construction, alteration, or other work done in violation of the Declaration shall be deemed to be nonconforming. Upon written request from the Board,

EXHIBIT K

the Owner(s) shall, at his, her or their own cost and expense, remove such nonconforming construction, alteration, or other work and shall restore the altered area to substantially the same condition as existed prior to the nonconforming construction, alteration, or other work. Should an Owner fail to remove and restore as required in **Section J.11** of the Declaration, the Board or its designee(s) shall have the right to enter the Unit or Limited Common Element appurtenant thereto, including, without limitation, any Private Yard Area, remove the violation and restore the property to substantially the same condition as existed prior to the nonconforming construction, alteration or other work. The Owner shall be liable for all costs thereof together with interest thereon at the maximum rate allowed by law, and the Association shall have an assessment lien to secure the payment of such costs.

34. **Dispute Resolution.** All disputes among Unit Owners concerning the common or individual responsibility for items described in **Section J** of the Declaration shall first be reviewed by the Board or a committee thereof designated for that purpose and the Board's non-binding opinion may be accepted by the disputing parties. Any Owner dissatisfied with such non-binding opinion may thereafter resolve the matter pursuant to **Section T** of the Declaration.

35. **Restriction on Use.** An Owner shall not cause or permit any Hazardous Material to be generated, used, transported, stored or disposed of upon, in or about his or her Unit or the Common Elements, except in a manner that complies with all applicable Hazardous Materials Laws.

36. AS PREVIOUSLY STATED, THIS EXHIBIT CONTAINS AN ABBREVIATED SUMMARY OF SOME BUT NOT ALL OF THE USE RESTRICTIONS APPLICABLE TO THE COMMUNITY. **TO BE FULLY INFORMED REGARDING SUCH USE RESTRICTIONS, YOU MUST READ THE PERTINENT SECTIONS OF THE DECLARATION, BYLAWS AND COMMUNITY RULES IN THEIR ENTIRETY.**

For purposes of the Declaration the term "Increment" means any cluster or clusters of Units in this Community together with related facilities appurtenant thereto as reflected on the Condominium Map, developed and built on an incremental basis in accordance with **Section E.17.** of the Declaration. The Community consists of those Units described in **Exhibit D-2** to the Declaration that have been annexed into the Community. Declarant shall develop the Community in no more than twelve (12) Increments and shall proceed initially with only the development of Increment 1 which is anticipated to include Building 8 (Units 801 to 806). Before proceeding with development of future Increments, Declarant shall and hereby reserves the right to amend the Declaration to evidence the incorporation and annexation of the Units included in such future Increments within the Community.

13. **Amendment to Declaration and Condominium Map.** Declarant shall have the absolute right, notwithstanding the lease, sale, or conveyance of any Unit and without being required to obtain the consent or joinder of or provide notice to any Unit Owner, lien holder, or other persons, to amend the Declaration and the Condominium Map as necessary or convenient to describe any new Improvements constructed on the Property in accordance with the Declaration and to make such amendments to the Declaration as are appropriate in accordance with **Section E** of the Declaration.

14. **Assignment of Declarant's Rights.** The rights of the Declarant under Section E of the Declaration shall extend to the Declarant and its respective successors and assigns. Without limitation of the foregoing, Declarant may, by Recorded instruments or by Supplemental Declaration, assign or partially assign, while retaining equivalent rights to Declarant, to any assignee, including without limitation the Association, any one or more of the rights and

easements reserved to Declarant under **Section E** of the Declaration and its subparts (or otherwise reserved to Declarant in the Declaration).

15. **Declarant's Reserved Rights Under the Unilateral Agreement.** Declarant hereby reserves on behalf of itself and its respective officers, agents, employees, successors, and assigns, without the consent or joinder of or notice to any Unit Owner or their respective mortgagees, all and privileges necessary to perform those actions reserved under that certain Unilateral Agreement, including but not limited to the right to establish, create and improve parks and pedestrian and bike paths as shown on the Updated Preliminary Land Use Plan dated August 19, 2004 (Exhibit B-1 to the Unilateral Agreement), including the connection of the parks and the elementary school fields and playgrounds by footpaths, to establish and create and improve the "Village Walk," anywhere within the Mehana Community as shown in Exhibit B-2 to the Unilateral Agreement, Village Walk Concept Plan A, dated August 19, 2004, attached to the Unilateral Agreement.

16. **Declarant's Reserved Right to Assign Declarant Reserved Parking Stalls to Units and to Certain Parking Stalls.** Declarant hereby reserves to itself those parking stalls in the Community described as "Declarant Reserved Stalls", if any, described in **Exhibit D-5** to the Declaration (sometimes the "**Declarant Reserved Stalls**"), and further reserves to itself the right to amend the Declaration to denominate such stalls or further parking stalls. Declarant further reserves the right, without consent or joinder of any Person (i) to transfer the Declarant Reserved Stalls to the Association as permitted pursuant to **Section E.11** of the Declaration and classify the same as Common Elements (including guest stalls, loading zones or otherwise), (ii) to assign stalls to particular Units (by transfer or amendment to the Declaration as permitted under the Act), (iii) to establish spatial Units consisting of one or more of the foregoing parking stalls and/or (iv) to grant, lease or license such stalls for use by others, all without the joinder or consent of, and without notice to, any Owner, Owner's mortgagees, or other Person.

17. **Reserved Right to Control Association for Limited Period.** Declarant shall have the reserved right to control the Association in accordance with Section 514B-106(d) of the Act, during which time Declarant, or persons designated by Declarant, may appoint and remove the officers and members of the Board of Directors. Such period of control of the Association by Declarant (the "**Control Period**") shall terminate no later than the earlier of:

(a) Sixty (60) days after conveyance of seventy-five percent (75%) of the common interest appurtenant to Units to Owners other than Declarant or an affiliate of Declarant;

(b) Two (2) years after Declarant has ceased to offer Units for sale in the ordinary course of business;

(c) Two (2) years after any right to add new Units was last exercised; or

(d) The day Declarant, after giving written notice to Unit Owners, Records an instrument voluntarily surrendering all rights to control activities of the Association.

Declarant may voluntarily surrender the right to appoint and remove officers and members of the Board of Directors before termination of the Control Period, but in such event Declarant may require, for the duration of the period of Declarant control, that specified actions of the Association or Board, as described in a Recorded instrument executed by Declarant, be approved by Declarant before they become effective, provided, however, that during the Control

Period if Declarant has submitted an application to the Department of Veterans Administration ("VA") to participate in any VA loan program (i) Declarant must provide a copy of all amendments to the VA and (ii) the Association may not make any material amendments or take any extraordinary actions as described in VA Pamphlet 26-7 revised, as may be applicable, without the approval of VA.

Until such time as the Declarant has turned over administration of the Community to the Association, Declarant shall have the right to amend the Bylaws without the approval, consent or joinder of, or notice to, any person or group of persons, including the Association, any Unit Owner or any mortgagee, lienholder, Unit purchaser or any other person who may have an interest in the Community.

18. **No Limitation to Right to Construct Units.** Nothing in the Declaration shall be deemed to or otherwise limit or inhibit the Declarant's ability to construct some or all Units in the Community in accordance with the Declaration and the Condominium Map, as the same may be amended.

19. **Declarant's Other Reserved Rights.** AS PREVIOUSLY STATED, THIS EXHIBIT CONTAINS AN ABBREVIATED SUMMARY OF SOME BUT NOT ALL OF THE RIGHTS RESERVED TO MAKE CHANGES TO THE CONDOMINIUM PROJECT OR CONDOMINIUM DOCUMENTS. **TO BE FULLY INFORMED REGARDING SUCH RESERVED RIGHTS, YOU MUST READ THE PERTINENT SECTIONS OF THE DECLARATION, BYLAWS AND COMMUNITY RULES IN THEIR ENTIRETY,** which include various additional reserved rights in favor of Developer, including, without limitation, respecting Declarant's reserved right to make continuing disclosures, Declarant's easement to complete construction and make repairs, Declarant's reserved right for roadway and utility purposes, Declarant's reserved right to improve and fix location of recreational facilities and barbeque areas, Declarant's reserved right to make alterations to the Community, Declarant's reserved right to amend the Declaration and Condominium Map, Declarant's reserved right of inspection, Declarant's reserved right regarding completion of Increments in the Community, Declarant's reserved right regarding incremental development, Declarant's reserved right to modify the Community to comply with law, Declarant's reserved right regarding Cable/Data System and limitations on amendment of the Declaration by others.

Pursuant to **Section X.1** of the Declaration, each and every Unit Owner by acceptance of a Deed for a Unit and/or acknowledgement of the Declaration, appoints Declarant, with full right of substitution, as the attorney-in-fact of such Owner or acquiring party to execute such documents and to do such things on such Owner's or acquiring party's behalf; and such appointment, being coupled with an interest, shall be irrevocable for the specific period(s) of Declarant's reserved rights as set forth in the Declaration and shall not be affected by the disability of any such Owner or acquiring party. Section 4.2 -- Estimate of the Initial Maintenance Fees

The Estimated Maintenance Fee Disbursements for Manawa at Mehana have been compiled by Hawaiiana Management Company, a licensed property manager, assuming that all units in the Community as reflected on the Condominium Map are constructed. Although the property manager makes every effort to estimate the actual cost of operation, certain budget items, especially energy costs, labor costs, and insurance, may change. The Buyer is aware that such amounts are only estimates and may change for reasons beyond the control of Developer, and the Buyer hereby specifically accepts and approves any such changes. The Buyer is also aware that such estimates do not include the Buyer's obligation for payment of real property taxes. The Buyer understands that such estimates are not intended to be and do not constitute any representation or warranty by the Developer, including but not limited to any representation or warranty as to the accuracy of such estimates. Buyer understands that Developer has not independently confirmed the accuracy or content of the estimates prepared by the licensed independent managing agent. Further, the Developer advises that costs and expenses of maintenance and operation of a condominium community are very difficult to estimate initially and even if such maintenance charges have been accurately estimated, such charges will tend to increase in an inflationary economy and as the improvements age. Maintenance charges can vary depending on services desired by unit owners and may increase significantly depending on the level of services eventually selected by the Association's Board of Directors. The Buyer should examine the maintenance charges schedule to see what services are included in the schedule and address these issues with its Board upon its formation. Buyers should also be aware that the estimates provided are as of the date reflected in the Managing Agent's certification and do not reflect the actual charges that may be incurred upon the formation of the Association and the actual contracting for such services such as insurance and maintenance, etc.

By purchasing a Unit at Manawa at Mehana, the Buyer will become a member of the Mehana Master Association and be required to pay membership dues to that Association. The Association will collect this fee in addition to the Buyer's monthly maintenance fee and pay the same to the Master Association.

The Developer intends to pay all of the actual common expenses for the units and the unit owner shall not be obligated for the payment of the owner's share of the common expenses until such time as the Developer causes a 30 day advance written notice to be sent to the Owners that, after a specified date, the unit owners shall be obligated to pay for the portion of common expenses that is allocated to their respective units. The Developer shall mail the written notice to the Owners, the Association, and the Managing Agent, if any, at least thirty days before the specified date.

The estimate of the initial annual maintenance fees and monthly estimated Maintenance fees is attached hereto.

THE ABOVE SUMMARY IS NOT INTENDED TO BE A THOROUGH AND EXHAUSTIVE EXPLANATION OF THE ESTIMATE OF THE INITIAL MAINTENANCE FEES CONTAINED IN THE DECLARATION, BYLAWS, CONDOMINIUM MAP, COMMUNITY RULES AND OTHER CONDOMINIUM DOCUMENTS. WHILE A PURCHASER CAN USE THIS SUMMARY AS A

CERTIFICATE

I, the undersigned, duly sworn on oath, depose and affirm as follows:

1. I am the President for Hawaiiana Management Company, Ltd., a Hawaii corporation, designated by the Developer of the Manawa at Mehana condominium project (the "Project") to act as the Managing Agent for the management and administration of the Project.

2. Attached hereto is a true and correct copy of the projected budget for the Project. The estimates contained therein, including the maintenance fee assessments and disbursements, are based upon and in reliance on the assumptions, expense and income data provided by the Developer along with information gathered by the Managing Agent from projects of comparable size and character. The estimated figures do not account for inflation, market adjustments, future utility rate changes, future insurance premium rate changes or other unanticipated events, including but not limited to, acts of government, acts of God, terrorism or war. In addition, the projected budget is based upon and in reliance on discussions with the Developer.

3. I hereby certify that the breakdown of the annual maintenance charges and the monthly estimated cost for each unit in the Project, as attached hereto and hereby incorporated herein by reference, were determined in accordance with Section 514B-148 of the Hawaii Revised Statutes and Chapter 107 of the Hawaii Administrative Rules, and that the Managing Agent made a good faith effort to calculate such estimates for the one-year period commencing August 2015, based on generally accepted accounting principles; provided that in calculating the annual maintenance charges and the monthly estimated cost for each unit in the Project, there may be some instances where dollars and cents amounts may not be exact due to rounding.

4. As permitted pursuant to Section 514B-148(b), new associations need not collect estimated reserves until the fiscal year which begins after the association's first annual meeting. The Developer has not conducted a reserve study for the Project. The budget amount for Reserves is an estimate only.

5. The Budget has been prepared on a cash basis.

Section 5.1 -- Summary of Pertinent Provisions of Sales Contract

The Fee Simple Unit Sales Agreement (the "**Sales Contract**" or "**Purchase Agreement**") contains the price and other terms and conditions under which a purchaser will agree to buy a Unit in the Community. Among other things, the Sales Contract states:

- (a) The total purchase price, method of payment and additional sums which must be paid in connection with the purchase of a Unit.
- (b) That the purchaser acknowledges having received and read the public report for the Community prior to signing the Sales Contract.
- (c) That the Developer makes no representations concerning rental of a Unit, income or profit from a Unit, or any other economic benefit to be derived from the purchase of a Unit.
- (d) That the Sales Contract may be subordinate to the lien of a construction lender.
- (e) The Sales Contract provides that it shall not be construed as a present transfer of any rights or of any interest in the Unit, but rather states that it is an agreement to transfer in the future. By execution of the Sales Contract, the Purchaser agrees to waive, relinquish and subordinate the priority or superiority of any lien or other legal or equitable interest arising under the Sales Contract in favor of the lien or charge on the Community of the security interests of the Lender, including but not limited to any lien, mortgage or charge securing a loan made to finance the acquisition of the land and the costs of construction (if applicable) and any and all advances therefore until the filing of the Deed.
- (f) That the purchaser's money will be held in escrow, under the terms of the Escrow Agreement.
- (g) Requirements relating to the purchaser's financing of the purchase of a Unit.
- (h) The Sales Contract provides that Purchaser may purchase upgrades, including modifications or additions to, or upgrades of, the standard fixtures, appliances and/or layout of the Unit to be made by Seller, pursuant to an option addendum attached to the Sales Contract upon Purchaser's execution of the Sales Contract. Purchaser must make deposits for the upgrades as required by Seller.
- (i) That the Unit and the Community will be subject to various other legal documents which the purchaser should examine, and that the Developer may change these documents under certain circumstances.
- (j) That, except to the extent of a limited warranty in form attached to this Public Report, the Developer makes no warranties regarding the Unit, the Community or anything installed or contained in the Unit or the Community.
- (k) That the Community will be subject to ongoing construction and sales activities which may result in certain annoyances to the purchaser.

EXHIBIT Q

- (l) That the purchaser must close the purchase at a certain date and pay closing costs, in addition to the purchase price.
- (m) That the Developer has reserved certain rights and powers relating to the Community and the purchaser acknowledges and consents to the exercise of such rights and powers.
- (n) That except under certain circumstances, as set forth in the Sales Contract, all interest on deposits toward the purchase price shall be the property of the Developer.
- (o) If the purchaser defaults, Developer may retain purchaser's deposits and bring an action against purchaser. If the Developer defaults, purchasers may bring an action against Developer. All actions are subject to the rules of the Dispute Prevention Resolution, Inc., as provided in the Sales Contract.
- (p) Buyer may not at any time assign its rights or obligations under the Purchase Agreement.
- (q) Any assignment of the Sales Contract is void and of no legal effect.
- (r) The Sales Contract provides that any dispute by or between Seller and Purchaser arising out of or incident to the Sales Contract, or the development or management of the Community, the sale of the Unit or the use or occupancy thereof, or any other aspect of the relationship between Seller and Purchaser regarding the Community which is raised or otherwise asserted before or after Closing shall be submitted to mediation and, if necessary, to arbitration in accordance with the terms, conditions and procedures set forth in the Sales Contract.

The Sales Contracts contains various other important provisions relating to the purchase of a Unit in the Community. Purchasers and prospective purchasers should carefully read the specimen Sales Contracts on file with the Real Estate Commission. Unless otherwise defined herein, all capitalized terms used herein shall have the same meanings given them under the Purchase Agreement.

THE ABOVE SUMMARY IS NOT INTENDED TO BE A THOROUGH AND EXHAUSTIVE EXPLANATION OF ALL TERMS AND PROVISIONS-CONTAINED IN THE PURCHASE AGREEMENT. WHILE A BUYER CAN USE THIS SUMMARY AS A GENERAL SUMMARY OF BUYER'S RIGHTS AND OBLIGATIONS UNDER THE PURCHASE AGREEMENT, BUYER MUST REFER TO THE PURCHASE AGREEMENT TO DETERMINE BUYER'S ACTUAL RIGHTS AND OBLIGATIONS. IF ANY CONFLICT OR DIFFERENCE EXISTS BETWEEN THIS SUMMARY AND THE PURCHASE AGREEMENT, THE PURCHASE AGREEMENT WILL CONTROL.

Section 5.1 -- Summary of Pertinent Provisions of Escrow Agreement

The Escrow Agreement sets up an arrangement under which the deposits a purchaser makes pursuant to a Sales Contract will be held by a neutral party ("**Escrow**"). Under the Escrow Agreement, these things will or may happen:

- (a) Escrow will let the purchaser know when payments are due.
- (b) Escrow will arrange for the purchaser to sign all necessary documents.
- (c) Except under certain circumstances as set forth in the Sales Contract, all deposits toward the purchase price shall be the property of the Developer. Provided that the purchaser is not in default under the Sales Contract and the Sales Contract contains a financing provision, purchaser's deposits, less escrow cancellation fees and third party lender fees, is refundable to purchaser if purchaser fails to qualify for a mortgage loan. Otherwise, all deposits toward the purchase price shall be the property of the Developer. The purchaser will be entitled to a refund of his or her funds only under certain circumstances.
- (d) The purchaser will be entitled to a refund of his or her funds only under certain circumstances as set forth in the Sales Contract.

The Escrow Agreement also establishes the procedures for the retention and disbursement of a purchaser's funds and says what will happen to the funds upon a default under the Sales Contract. The Escrow Agreement contains various other important provisions and establishes certain charges with which a purchaser should be familiar. Purchasers and prospective purchasers should carefully read the signed Escrow Agreement on file with the Real Estate Commission. A copy is available at the Developer's sales office. The Escrow Agreement contains the following provisions (which may be modified or otherwise limited by provisions not set forth below):

1. As and when Seller enters into a Sales Contract, Seller will give Escrow a signed copy of the Sales Contract and Buyer's deposit towards the purchase price of a Unit. The Sales Contract will require Buyer to pay to Escrow all other payments of the purchase price required under the Sales Contract. If Buyer gets a mortgage loan, the money from the loan will be paid to Escrow, along with the lender's mortgage for recording, and Escrow shall follow the lender's instructions. The Sales Contract will show the correct name and address of each Buyer. If a Sales Contract is signed and the sale occurs in a state other than Hawaii, the Sales Contract will show the place where the sale occurs.

2. Escrow will put all of the money it gets from Buyer in one or more special accounts (the "**trust fund**"). The trust fund will be deposited only at a depository designated by Seller or in banks or savings and loan institutions in Hawaii that are insured by the federal government as directed by Seller. The place, or places, where the trust fund is set up will be chosen by Escrow, unless otherwise selected or directed by Seller. Unless any of the Sales Contracts show different instructions, Seller will get all of the interest earned on the trust fund. Escrow will deposit the payments it gets from Buyer into the trust fund one or more times each week, so that the funds may earn the maximum interest.

EXHIBIT R

3. Notwithstanding anything in this Agreement to the contrary, if Seller has submitted to the Real Estate Commission a material house bond securing the construction of improvements in the Community, the following provisions shall apply:

(i) Buyer's money shall not be disbursed to pay for construction costs or other expenses of the Community until the Unit to be conveyed has been completed and the Deed to Buyer has been recorded; and

(ii) If closing is to occur prior to the expiration of the applicable mechanic's lien period, Seller shall provide Buyer with a mechanic's lien endorsement to Buyer's owner's title insurance policy that protects Buyer against all future mechanic's and materialmen's liens. Further, Seller shall confirm to Escrow that Seller has provided the Real Estate Commission with a release by the general contractor of the contractor's lien rights.

4. The Sales Contract states when refunds of deposits may be made to Buyer. In the case where the Sales Contract is not yet binding and Buyer requests a refund, Escrow shall notify Seller of such request. Escrow may refund the deposit to Buyer, less any cancellation or other fees to which Escrow is entitled, only after receiving written approval from Seller. In all other cases, Escrow shall not make any refund to a Buyer who asks for it unless Escrow receives written approval from Seller or from a court of competent jurisdiction. The words "cancellation fees" mean Escrow's cancellation fees which are described in the Sales Contract and are described in the Escrow Agreement. Fees for cancellation may also be charged by the lender who has agreed to lend Buyer money to buy the Unit. The Sales Contract states the instances when Escrow is to subtract cancellation fees from the amount to be refunded unless Seller tells Escrow not to charge the cancellation fees. Escrow shall give each Buyer who is to get a refund written notice of the refund. Escrow will send this notice by registered or certified mail to Buyer at the address shown on Buyer's Sales Contract or to the last address which Buyer may have given to Escrow.

5. Escrow will notify Seller and Buyer promptly if Buyer fails to make a payment or is otherwise in default under the Sales Contract (to the knowledge of Escrow). Seller will notify Escrow in writing if a Buyer has defaulted or not done something that Buyer promised to do in the Sales Contract. Seller will tell Escrow in the same letter that, because Buyer has defaulted, Seller is cancelling the Sales Contract and will give Escrow a copy of the letter that Seller delivered in person or sent by registered or certified mail to Buyer, telling Buyer of the default and cancellation. Seller will also give Escrow a copy of a receipt signed by Buyer or the registered or certified mail return receipt. Escrow will then send a letter to Buyer by registered or certified mail, informing Buyer that Seller has cancelled the Sales Contract because of the default. Escrow will wait for fifteen (15) days after the date which shows on the return receipt as the date when Buyer got Escrow's letter or the date which shows the last time that the post office tried to deliver the letter. If Escrow does not hear from Buyer during that time, Escrow may deduct its cancellation fee from Buyer's funds and treat Buyer's funds which are left as belonging to Seller. If Buyer tells Escrow that Buyer has not defaulted or tells Escrow not to do anything with Buyer's funds, then Escrow may proceed in accordance with Section 5.2 of the Escrow Agreement (to interplead funds) or deliver the funds to Seller.

6. Escrow will set the time (in accordance with Sales Contract and Seller's interest to pre-close) for taking in all money from each Buyer and for the signing of all of the documents that each Buyer must sign to complete the purchase, except for the mortgage documents, which may be signed at the lender's place of business. The conveyance tax certificates, preliminary closing statements, escrow instructions and final closing statements will be prepared by Escrow,

EXHIBIT R

and Escrow will do all of the escrow acts required under this Agreement or any other written agreements between Seller, Buyer and Escrow. Escrow will give Buyer and Seller copies of HARPTA and FIRPTA forms, or provide the online link to obtain copies of those forms, with a recommendation that the parties seek appropriate counsel to complete the forms. Escrow will coordinate with Buyer's lender, the title companies and all others who are a part of the purchase so that closing will occur at a suitable time. Escrow agrees to close all of the sales at the same time or individually from time to time, as directed by Seller. "Closing" is complete when all necessary conveyance and financing documents to complete a purchase are recorded in the appropriate Hawaii recording office. After all documents have been signed, Escrow will close on the closing date as agreed to in the Sales Contract only if:

- (i) The required money has been paid to Escrow;
- (ii) All necessary documents can be recorded, as appropriate;
- (iii) All mortgages having to do with the purchase can be recorded, following the lender's instructions; and
- (iv) All necessary releases can be recorded so that the Unit is conveyed free and clear of all blanket liens in accordance with the Condominium Law.

THE ABOVE SUMMARY IS NOT INTENDED TO BE A THOROUGH AND EXHAUSTIVE EXPLANATION OF ALL TERMS AND PROVISIONS CONTAINED IN THE ESCROW AGREEMENT. WHILE ONE CAN USE THIS SUMMARY AS A GENERAL SUMMARY OF THE ESCROW AGREEMENT, ONE MUST REFER TO THE ACTUAL ESCROW AGREEMENT TO DETERMINE THE RIGHTS AND OBLIGATIONS OF THE PARTIES. IF ANY CONFLICT OR DIFFERENCE EXISTS BETWEEN THIS SUMMARY AND THE ESCROW AGREEMENT, THE ESCROW AGREEMENT WILL CONTROL AND NOT THIS SUMMARY.

**MANAWA AT MEHANA
AFFIDAVIT OF INTENT TO PURCHASE AND RESIDE IN AN OWNER-OCCUPANT
DESIGNATED CONDOMINIUM UNIT**

[] Chronological System [] Lottery System

We, the undersigned "owner-occupants", on this _____ day of _____, 20____, do hereby declare that it is our intention to purchase and reside in a condominium unit designated for an "owner-occupant" in the Manawa at Mehana condominium community ("Community") proposed by D.R. Horton – Schuler Homes, LLC, a Delaware limited liability company, dba D.R. Horton-Schuler Division ("Developer").

We understand, affirm, represent and agree by signing this Affidavit that:

1. It is our intent to reserve and purchase an owner-occupant designated residential unit ("designated residential unit") pursuant to Section 514B-96 of the Owner-Occupant Law, and upon closing escrow, to reside in the designated residential unit as our principal residence for 365 consecutive days.

2. The term "owner-occupant" as used herein is defined in section 514B-95 of the Owner-Occupant Law as:

"...any individual in whose name sole or joint legal title is held in a residential unit that, simultaneous to such ownership, serves as the individual's principal residence, as defined by the department of taxation, for a period of not less than three hundred and sixty-five consecutive days; provided that the individual shall retain complete possessory control of the premises of the residential unit during this period. An individual shall not be deemed to have complete possessory control of the premises if the individual rents, leases, or assigns the premises for any period of time to any other person in whose name legal title is not held; except that an individual shall be deemed to have complete possessory control even when the individual conveys or transfers the unit into a trust for estate planning purposes and continues in the use of the premises as the individual's principal residence during this period." (Emphasis added).

3. We understand that if two or more prospective owner-occupants intend to reside jointly in the same designated residential unit, only one owner-occupant's name shall be placed on the reservation list for either the chronological system or the lottery system.

4. Should we require financing from a financial institution to purchase the designated residential unit, the financing shall be an owner-occupant mortgage loan. The

financial institution is required to take all reasonable steps necessary to determine whether the borrower intends to become an owner-occupant.

5. At any time after obtaining adequate financing or a commitment for adequate financing up until the expiration of this Affidavit (365 days after recordation of the instrument conveying the designated residential unit to us), we shall notify the Real Estate Commission immediately upon any decision to cease being an owner-occupant of the designated residential unit.

6. At closing of escrow, we shall file a claim for and secure an owner-occupant property tax exemption with the appropriate county office for the designated residential unit.

7. We have personally executed this Affidavit and we are all of the prospective owner-occupants for the designated residential unit. This Affidavit shall not be executed by an attorney-in-fact.

8. We shall not sell or offer to sell, lease or offer to lease, rent or offer to rent, assign or offer to assign, convey or otherwise transfer any interest in the designated residential unit until at least 365 consecutive days have elapsed since the recordation of the instrument conveying title to the designated residential unit to us. Furthermore, we understand that we have the burden of proving our compliance with the law. We affirm that we will notify the Real Estate Commission immediately upon any decision to cease being an owner occupant.

9. We understand that it is the affirmative duty of any developer, employee or agent of a developer, and real estate licensee, to report immediately to the Real Estate Commission any person who violates or attempts to violate the Owner-Occupant Law. No developer, employee or agent of a developer, or real estate licensee shall violate or aid any person in violating the Owner-Occupant Law.

10. The Real Estate Commission may require verification of our owner-occupant status and if we fail to submit such verification, we may be subject to a fine in an amount equal to the profit made from the sale, assignment or transfer of the designated residential unit.

11. Any false statement in this Affidavit or violation of the Owner-Occupant Law shall subject us to a misdemeanor charge with a fine not to exceed \$2,000, or by imprisonment of up to a year or both. We further understand that if we violate or fail to comply with the Owner-Occupant Law, we shall be subject to a civil penalty of up to \$10,000, or fifty per cent of the net proceeds received or to be received from the sale, lease, rental, assignment or other transfer of the designated residential unit, whichever is greater.

Section 6 -- Miscellaneous Information Not Covered Elsewhere in this Report

1. Buyer may landscape the easement area(s) within a Private Yard Area, if any, as long as you do not interfere with the use of the easement area(s) affecting your Unit. The grantee of the easement area, whether it is HECO, the Community Association, the Master Association or an agency of the County, will have the right to trim and keep trimmed any plants within the easement area that may be in the way. Also, you may not be permitted to construct other structures in the area depending on the nature of the easement. Such structures may require the grantee's approval. Additionally, should the grantee determine that it must remove any plants or foliage within the easement area, it may NOT be obligated to replace them, but rather will only be obligated to restore the surface of the ground within the easement area as much as the grantee determines is reasonably possible.

2. Exterior elevations, door and window locations and types may be modified from that reflected on the Condominium Map.

3. HRS 672E contains important requirements you must follow before you file a lawsuit or other action for defective construction against the contractor who designed, repaired, or constructed your Unit or facility. Ninety days before you file your lawsuit or other action, you must serve on the contractor a written notice of any construction conditions you allege are defective. Under the law, a contractor has the opportunity to make an offer to repair and/or pay for the defects. You are not obligated to accept any offer made by a contractor. There are strict deadlines and procedures under the law and failure to follow them may negatively affect your ability to file a lawsuit or other action.

4. Certain portions of the Community may be used as a sales office. Buyer is aware that noise and traffic from these areas may cause a disturbance. Buyer is responsible for investigating noise levels in and around the Community to determine if the buyer is satisfied with the acoustics and noise levels within the Unit and within the Community as a whole. Developer makes no guaranty as to these matters now or in the future.

5. Buyer should be aware that the Community may be periodically affected by certain environmental conditions due to historical, existing and prospective surrounding conditions and uses. Those uses include, without limitation, industrial, commercial, recreational, and other non-residential uses, animal husbandry and pasture uses, and a railroad easement. Overhead and underground radio transmission wires and high voltage electric lines and facilities may be located within and around the Community. Such facilities purportedly may emit electric and magnetic emissions. Aircraft may fly in the proximity of or over or close to the Community. Buyers should also be aware that ongoing construction, commercial and industrial uses, plantation harvesting and farming may temporarily generate heavy dust and/or other nuisances. Pesticides and fertilizers were or may be used in the plantation harvesting and farming and may have long term effects on the land, water and environment.

6. Buyers should be aware that the Community and/or the Unit may be affected by traffic, aircraft noise, and adverse effects from the Kalaeloa Community Development District and that an expansion of military uses and associated adverse impacts may occur within Kalaeloa.

EXHIBIT U

7. Buyers should be aware that the Community is located within the contours of the Honolulu International Airport 1987 Noise Contour Map.

8. Buyers should be aware that the Community is located near the OR&L Historic Railway and the operation of trains on the railway may result in noise and other impacts associated with the operation of trains.

9. Buyers should be aware that the Honolulu High Capacity Transit Corridor Project ("HHCTCP") plans to extend along Wakea Street near the Community. The Community may be subject to noise from future construction, operation, and maintenance of the HHCTCP. In addition, there may be dust, noxious odors, and adverse effects from the HHCTCP.

10. Buyers shall comply with the County approved Solid Waste Management Plan attached to this report as Exhibit W and are encouraged to recycle waste materials accordingly.

11. Developer has the reserved right to control the Association in accordance with Section 514B-106(d) of the Act, during which time Developer, or persons designated by Developer, may appoint and remove the officers and members of the Board of Directors. Such period of control of the Association by Developer (the "**Control Period**") shall terminate no later than the earlier of:

(a) Sixty (60) days after conveyance of seventy-five percent (75%) of the common interest appurtenant to Units to Owners other than Developer or an affiliate of Developer;

(b) Two (2) years after Developer has ceased to offer Units for sale in the ordinary course of business;

(c) Two (2) years after any right to add new Units was last exercised; or

(d) The day Developer, after giving written notice to Unit Owners, Records an instrument voluntarily surrendering all rights to control activities of the Association.

Developer may voluntarily surrender the right to appoint and remove officers and members of the Board of Directors before termination of the Control Period, but in such event Developer may require, for the duration of the period of Developer control, that specified actions of the Association or Board, as described in a Recorded instrument executed by Developer, be approved by Developer before they become effective, provided, however, that during the Control Period if Declarant has submitted an application to the Department of Veterans Administration (the "VA") to participate in any VA loan program (i) Declarant must provide a copy of all amendments, to VA and (ii) the Association may not make any material amendments or take any extraordinary actions as described in VA Pamphlet 26-7 revised, as may be applicable, without the approval of VA.

Until such time as the Declarant has turned over administration of the Community to the Association, Declarant shall have the right to amend the Bylaws.

12. Developer, D.R. Horton-Schuler Homes, LLC, is the Community real estate broker. The Developer's manager, Vertical Construction Corporation, is the general contractor for the Community.

13. Each prospective purchaser should review the Condominium Map Site Plan to so that they may identify easement areas benefitting the Community, which easements may affect the use of the Private Yard Areas, if any.

14. Buyers should be aware that the Community includes mixed uses, and is not exclusively a residential community, and that the presence of the mixed uses in the Community may adversely affect an Owner's use and enjoyment of their Unit. The presence of commercial and residential mixed uses in the Community may result in noise, odors, vibrations, traffic and other disturbances that are objectionable to some people. Each Owner acknowledges that parking stalls in front of or near Residential Units may be used for commercial purposes and parking stalls for Residential Units may be located in front of or near Commercial Units.

15. Buyers are encouraged to find out which parking stalls are available for their use and the location of the parking stalls.

16. All prospective purchasers should also be aware that the Private Yard Areas, if any are available to Units in the Community, are not subdivided lots, but are exclusive use areas appurtenant to the Unit(s).

17. The Community is subject to the Unilateral Agreement, which is attached to this Public Report as Exhibit V. Without limitation of the restrictions set forth in the Unilateral Agreement and notwithstanding anything in the Declaration to the contrary, no alterations or modifications of the Units or Improvements to the Common Elements (including landscaping and fencing) may be made except in accordance with the Unilateral Agreement.

THIS EXHIBIT IS NOT INTENDED TO BE A THOROUGH AND EXHAUSTIVE EXPLANATION OF THE MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT CONTAINED IN THE DECLARATION, BY LAWS, CONDOMINIUM MAP, COMMUNITY RULES AND OTHER CONDOMINIUM DOCUMENTS. WHILE A PURCHASER CAN USE THIS AS A GENERAL SUMMARY, PURCHASERS SHOULD REFER TO THE CONSTITUENT DOCUMENTS OF THE COMMUNITY. IF ANY CONFLICT OR DIFFERENCE EXISTS BETWEEN THIS EXHIBIT AND THE DECLARATION, BYLAWS, CONDOMINIUM MAP, COMMUNITY RULES OR OTHER DOCUMENTS OF THE COMMUNITY, SUCH DOCUMENTS WILL CONTROL. CAPITALIZED TERMS USED HEREIN, UNLESS OTHERWISE DEFINED HEREIN, SHALL HAVE THE MEANINGS GIVEN TO THEM IN THE DECLARATION.

WHEREAS, the City Council (the "Council") of the City & County of Honolulu (the "City"), pursuant to the provisions of the Land Use Ordinance ("LUO"), Revised Ordinances of Honolulu 1990 ("ROH") Section

21-2.80, as amended, relating to conditional zoning, is considering a change in zoning under the LUO of the Land from AG-1 Restricted Agricultural District to BMX-3 Community Business Mixed Use District with a 45-foot height limit, AMX-2 Medium Density Apartment Mixed Use District with a 45-foot height limit, AMX-2 Medium Density Apartment Mixed Use District with a 60-foot height limit, A-1 Low Density Apartment District with a 30-foot height limit, R-5 Residential District, and P-2 General Preservation District ("the zone change"); and

WHEREAS, a public hearing regarding the change in zoning, Bill 73 (2004), was held by the Council on November 10, 2004; and

WHEREAS, the Council recommended by its Zoning Committee Report No. 483 that the said zone change be approved, subject to the following conditions contained in this Declaration to be made pursuant to the provisions of ROH Section 21-2.80, as amended, relating to conditional zoning, and to become effective on the effective date of the zoning ordinance approving the change of zoning (the "Rezoning Ordinance").

NOW, THEREFORE, Declarant, for itself and its successors and assigns, hereby covenants and declares as follows:

1. Declarant shall develop the Land in substantial compliance with the City of Kapolei Urban Design Plan, except where modified below, and plans shown in Exhibits B-1, B-2, B-3, and B-4 attached hereto and made a part hereof:
 - a. Residential
 - i. The building heights within the AMX-2 District will vary and building massing will be "tiered" up to the maximum heights indicated on the zoning map, incorporating sloped roofs and covered lanais.
 - ii. Single-family dwellings are permitted provided multi-family dwellings, defined as those with 3 or more dwellings within a single structure, shall be no less than 51 percent of the total number of dwellings in the Project.

Single-family and two-family dwelling units shall not be permitted within the AMX-2 and BMX-3 Districts.

- iii. Minimum setback requirements shall be in accordance with the Land Use Ordinance. The required front yard will vary according to a "front yard averaging", thereby creating an articulated building front.
- iv. An approximate two-acre site for BMX-3 zoning is permitted on the Land.
- v. Front-loaded single-family housing products are permitted. Rear-loaded homes will be the predominate single-family home featured along the two main collector roads as shown on Exhibit B-1, the Updated Preliminary Land Use Plan dated August 19, 2004.
- vi. With regards to block sizing, the Declarant is required to substantially conform to the roadway grid as reflected in the Updated Preliminary Land Use Plan dated August 19, 2004 (Exhibit B-1).

b. Parks and Open Space

- i. Kapolei Green shall be dedicated to the City and shall include the amenities and features as contemplated pursuant to D.R. Horton's letter dated August 26, 2004, attached hereto (Exhibit C-1) and made a part hereof, to the Department of Parks and Recreation (DPR) and DPR's written reply to D.R. Horton dated September 13, 2004, attached hereto (Exhibit C-2) and made a part hereof, in which D.R. Horton agreed to provide a clean, graded, grassed and irrigated central park with a total area of approximately 4.5 acres. DPR agreed to recommend the proposed park as planned for dedication to the City once constructed. Additional improvements, if provided by the Declarant at the request and/or agreement of the City, would qualify as excess Park Dedication Credits for the Declarant. Final

terms of such an arrangement shall be subject to a formal agreement, between the Declarant and the City when such improvements are sought.

- ii. The Declarant shall establish parks and pedestrian and bike paths as shown on the Updated Preliminary Land Use Plan dated August 19, 2004 (Exhibit B-1), including the connection of the parks and the elementary school fields and playground (which also could serve as an active open space) by a landscaped linear path.
- iii. The "Village Walk", as originally planned to be within the approximate center of the Mehana at Kapolei site, is now being relocated along the Project's mauka boundary. The Declarant shall construct Village Walk improvements such as an 8-foot walkway, landscaping and street furniture, up to their property line, as shown in Exhibit B-2, Village Walk Concept Plan A dated August 19, 2004, attached hereto and made a part hereof. These improvements shall supplement the adjoining improvements to be provided by The Estate of James Campbell or its successor entities, as shown on the Village Walk Concept Plan A dated August 19, 2004 (Exhibit B-2).
- iv. A reserve area for a possible roadway in proximity to the makai edge of the school site shall be provided by the Declarant for connection within the area to Ft. Barrette Road. This future connection point and eventual road alignment could be different from that represented on the Updated Preliminary Land Use Plan dated August 19, 2004 (Exhibit B-1), as negotiations between Declarant and various governmental agencies are finalized. The reserve area shall remain in effect unless the State Department of Transportation or other governmental agencies, as appropriate, determine that a roadway connection to Ft. Barrette Road is not permitted. In that event, the reserve shall terminate and the area shall be available for residential development.

c. Roadways

- i. Employing Subdivision Street Standards as adopted by the Department of Planning and Permitting of the City and County of Honolulu (DPP) is permitted.
- ii. Eliminate from the Kapolei Urban Design Plan any references to the collector road that borders the mauka edge of the property, subject to the relocation of the Village Walk as discussed above, and Renton Road Extension, which is an unconnected remnant along the makai boundary of Mehana.

d. Regional Drainage

- i. The regional drainage corridor abutting the mauka side of the OR&L right-of-way, shall be developed as a grass-lined drainage system with trees along a bicycle path, open for public use, within or abutting the drainage system, as shown in concept in the Drainage Corridor Concept Plan dated August 27, 2004, attached hereto as Exhibit "B-3" and made a part hereof. The final plans for the drainage system shall be subject to the approval of the Director of DPP. The Declarant shall improve the drainage system as described and dedicate the drainage system subject to a schedule approved by the Director of DPP. Hardscaping within the drainage facility will be permitted for easements for electrical transmission, fuel and sewerage, bike and pedestrian paths and vehicular crossings.
- ii. The Declarant shall provide public pedestrian and vehicular connections to the regional drainage corridor as shown in the Updated Preliminary Land Use Plan dated August 19, 2004 (Exhibit B-1).

2. Prior to the approval of the first building permit by DPP, the Declarant shall submit "Mehana Design Guidelines" for the Project (except for the school site) illustrating site planning guidelines and

building design features, including a variety of elevations, fencing, roofing elements, landscaping, lanais, etc. for approval by the City of Kapolei Design Advisory Board ("DAB") and DPP. The Mehana Design Guidelines shall be consistent with the City of Kapolei Urban Design Plan ("Kapolei UDP") in effect. Thereafter, individual site plans and front elevations for all project phases shall be submitted to DPP for approval and shall evidence general conformance with the design concepts of the Mehana Design Guidelines. Modifications to the Mehana Design Guidelines shall be subject to approval by the Director of DPP. Said site plans for all project phases shall be deemed approved by the Director of DPP if no comments are received by Declarant within 45 days of submittal to DPP.

The Mehana Design Guidelines are intended to serve as interim guidelines until amendments to the Kapolei UDP are approved by the Council. As such, conformance with the Mehana Design Guidelines shall no longer be required upon approval by the Council of appropriate amendments to the Kapolei UDP incorporating these or other design guidelines that the Council deems appropriate.

Any development that is inconsistent with the Mehana Design Guidelines and the then-effective Kapolei UDP shall not be permitted until appropriate amendments to the Kapolei UDP are approved by the Council.

3. Prior to approval of subdivision applications (except those for bulk lot purposes), the Declarant shall submit, in coordination with the State Department of Transportation (DOT) and the City Department of Transportation Services (DTS), a roadway master plan for roadways within and adjacent to the Project consistent with the roadway layout provided in the Updated Preliminary Land Use Plan, dated August 19, 2004 (Exhibit B-1), to DPP for review and approval. The roadway master plan shall include road cross-sections and associated land uses. An analysis of auxiliary left and right turn lane lengths shall also be provided as may be required by DPP. The plan shall also take into account the need to provide enhanced pedestrian and bicycle facilities, as presented in the Declarant's zone change application, as well as future transit stop locations. An identification of which intersections may warrant future traffic signal

installation shall also be included. The development of the Land shall conform to the approved roadway master plan, provided that the plan may be amended from time to time with the prior written approval of the Director of DPP.

4. Transportation. The Declarant shall carry out the following requirements related to traffic and transportation improvements:
 - a. Prior to applying for building permits for any additional dwelling unit beyond 400 dwelling units, the Declarant shall consult with the State DOT, DTS and DPP, and submit for approval to the Director of DPP a supplemental update to the Traffic Impact Assessment Report (Declarant's Traffic Impact Study dated May 5, 2004, hereinafter called the "TIAR"), or provide supplemental information to the Traffic Impact Assessment Report updates required by the conditions relating to traffic and transportation improvements attached to the enactment of Bill 72 (2004), as amended. The Declarant's submittal, hereinafter called the "Supplemental Traffic Impact Assessment Report (TIAR)", shall include a Traffic Management Plan (TMP) identifying Traffic Demand Management (TDM) strategies to reduce area wide traffic congestion. The Supplemental TIAR area shall generally be that area described in Exhibit D, attached hereto and made a part hereof. Prior to applying for building permits for any additional dwelling unit beyond 800 dwelling units, the Declarant shall submit an update to the Supplemental TIAR, identifying roadway infrastructure improvements that are or will be needed to support the Project during its various stages including an analysis of traffic signal warrants.
 - b. Fund and/or construct its share of roadway improvements, described in the TIAR and supplemental updates, as may be required by State and City transportation agencies, within the Project area or directly attributable to the Project.
 - c. On an annual basis, Declarant shall participate in a meeting to be organized by DPP and to include State DOT and DTS to discuss the coordination and implementation of traffic improvements in and around the City of Kapolei and the need

for additional studies. This condition for participation in an annual meeting shall be deemed satisfied and shall be fully released upon the approval of the last building permit of the last phase of the Project. In its annual report to the City required by Condition 14, the Declarant shall report on the status and scheduling of its implementation of traffic improvements related to the Project.

5. The Declarant shall develop the necessary potable and non-potable water system improvements to serve the Project, including the school site and the drainage corridor discussed in Condition 1.d. herein, as may be required by the Board of Water Supply, prior to any subdivision or building permit approval, whichever comes first.
6. Prior to subdivision, residential cluster or residential building permit approval, the Declarant shall execute an agreement to participate in an affordable housing plan acceptable to DPP in accordance with adopted rules. The agreement shall provide for no less than 30% of the total residential units of the Project to be delivered to households with incomes up to and including 120 percent of median income or less, including no less than 10 percent of the total units to be delivered to households with incomes up to and including 80 percent of median income or less. "Median income" means the median income for Honolulu, adjusted for family size, as determined by the United States Secretary of Housing and Urban Development.
7. The Declarant shall contribute to the development, funding, and/or construction of school facilities, on a fair-share basis, as determined by and to the satisfaction of the State Department of Education (also referred to as "DOE"). Terms of the contribution agreement shall be agreed upon in writing by the Declarant and the DOE, prior to obtaining building permits.
8. Prior to building permit approval, the Declarant shall submit to the Department of Health (DOH) and DPP, a solid waste management plan as may be required by the DOH. The Declarant shall comply with the approved solid waste management plan.

9. Prior to grading permit approval, the Declarant shall prepare and submit a dust control plan to DPP and DOH, as may be required by DOH. The Declarant shall comply with the approved dust control plan.
10. The Declarant shall inform all prospective purchasers or lessees of single- and multi-family dwellings in the Project of all of the following:
 - a. The potential impacts, including but not limited to traffic, aircraft noise, and adverse effects from the Kalaheo Community Development District and that an expansion of military uses and associated adverse impacts may occur within Kalaheo;
 - b. The development is located within the contours of the Honolulu International Airport 1987 Noise Contour Map; and
 - c. The development is located near the OR&L Historic Railway and the operation of trains on the railway may result in noise and other impacts associated with the operation of the trains.

The disclosure shall be made through a Disclosure Document acceptable in form and content to the DPP and the Corporation Counsel. The Disclosure Document shall be signed by the purchaser or lessee as an affirmative acknowledgment of the potential impacts. All disclosures shall be included in any deed or lease of residential property and any applicable Declaration of Covenants, Conditions and Restrictions, and shall be recorded so as to run with the land of the affected property. The form, content, and manner of recordation of the disclosures shall be approved by the DPP and the Corporation Counsel prior to any subdivision approval (except those for bulk lot purposes) or building permit approval, whichever occurs first.

11. The Declarant shall submit a revised drainage master plan and implementing schedule for the drainage improvements required for the development of the Project. The master plan shall be approved by the Director of DPP prior to any subdivision approval (except those for bulk lot purposes). The Declarant shall comply with the revised drainage master plan and implementing schedule.

12. If, during construction, any previously unidentified archaeological site or remains (such as artifacts, shell, bone, or charcoal deposits, human burials, rock or coral alignments, paving, or walls) are encountered, the Declarant shall stop work and contact the State Historic Preservation Division (SHPD) immediately. Work in the immediate area shall be stopped until the SHPD is able to assess the impact and make further recommendations for mitigative activity.
13. The Declarant acknowledges that approval of this zone change does not constitute compliance with other Land Use Ordinance or governmental agencies' requirements. They are subject to separate review and approval. The Declarant shall be responsible for ensuring that the final plans for the Project comply with all applicable Land Use Ordinance and other governmental agencies' provisions and requirements.
14. On an annual basis, the Declarant shall submit a written status report to DPP documenting its satisfaction of and/or describing its progress toward complying with each condition of approval for this zone change. The status report shall be submitted to DPP by December 31 of each year until such time as DPP has determined that all conditions of approval have been satisfied. If a status report is not submitted within the time specified, the DPP may defer the processing of permits until a status report is submitted.
15. In the event of noncompliance with any of the conditions set forth herein, the Director of Planning and Permitting shall inform the Council and may initiate action to rezone the Land, seek civil enforcement, or take appropriate action to terminate or stop the Project until applicable conditions are met.
16. Failure to fulfill any conditions to the zone change may be grounds for revocation of the permits issued under this zoning and grounds for the enactment of ordinances making further zone changes, including revocation of the underlying zoning, upon initiation by the proper parties in accordance with the Revised City Charter.

17. Declarant expressly acknowledges and agrees that its obligations hereunder shall survive the termination of the Estate of James Campbell and shall be binding upon its successors and assigns.

NOW, THEREFORE, Declarant hereby makes the following additional Declarations:

For purposes of this document, any references to a specific City department or agency shall be deemed to include a reference to any successor department or agency.

That the conditions imposed herein are reasonably conceived to fulfill public service demands created by the requested change in zoning and are rationally related to the objective of preserving the public health, safety and general welfare and the further implementation of the General Plan of the City and County of Honolulu.

The development of the Land shall conform to the aforesaid conditions with the understanding that, at the request of the Declarant and upon the satisfaction of the conditions set forth in this Unilateral Agreement, the Department of Planning and Permitting may fully or partially release, as applicable, any of the foregoing conditions that have been fulfilled.

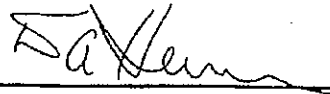

That if there are any conflicts between this Unilateral Agreement and any previous unilateral agreement(s) applicable to the Land, the terms and conditions of this Unilateral Agreement shall apply.

AND IT IS EXPRESSLY UNDERSTOOD AND AGREED that the conditions imposed in this Declaration shall run with the Land and shall bind and constitute notice to all the parties hereto and subsequent lessees, grantees, assignees, mortgagees, lienors, successors, and any other persons who have or claim to have an interest in the Land, and the City and County of Honolulu shall have the right to enforce this Declaration by rezoning, appropriate action at law or suit in equity against all such persons, provided that the Declarant or its successors and assigns may file a petition with the Department of Planning and Permitting for amendment or removal of any conditions or termination of this Declaration, such petition to be processed in the same manner as petitions for zone changes.

Mehana at Kapolei
Neighborhood Park Dedication Recommendation

Dear Mr. Balfour,

Thank you very much for your time and advice at our August 12, 2004 meeting, to discuss Mehana's proposed neighborhood park. It will play a vital role in establishing Mehana as a desirable place to live and we look forward to working with the City and County to create a first class park for the community.

I have enclosed a copy of the conceptual park plan we reviewed with you and your staff, for your records. Based on our representations at the meeting, you indicated that your department would recommend that the approximately 4.5-acre park area be accepted by the City and County for park dedication purposes. We request your acknowledgment of this recommendation be forwarded to the Department of Planning and Permitting relative to the pending Mehana Zone Change application (DPP File No. 2004/Z-5).

It is our intention to grade, grass and irrigate the 4.5 acre park site and dedicate the park to the City. The other improvements, such as the parking lot, restrooms, children's play structure and basketball/volleyball courts will be constructed by the City & County.

As discussed at the meeting, we are considering the possibility of constructing some or all of the park improvements—according to a mutually acceptable plan. It is our understanding that these improvements could be credited towards any outstanding or future on- or off-site park dedication requirements.

The Association and all Owners shall comply with the approved solid waste management plan. A copy of the management plan is attached hereto as Exhibit "W".

SOLID WASTE MANAGEMENT PLAN
MEHANA AT KAPOLEI

(As developed in consultation with the State of Hawaii, Department of Health,
Solid Waste Management Branch, December 2006)

Recycling of materials (construction and established development on going use) is the primary goal of the Mehana at Kapolei Solid Waste Management Plan. To that end the following recommendations are being provided to contractors, homeowners and AOAO's for the project:

1. Gypsum and plaster are not subject to recycling since there are no current facilities permitted to accept gypsum board. Should recycling facilities be available in the future, recycling is encouraged.
2. Treated wood wastes are not subject to recycling and should be disposed of at an approved Landfill. PVT is a currently approved landfill. Should recycling facilities be available in the future, recycling is encouraged.
3. Non-reusable glass shall be properly disposed. PVT is a currently approved disposable location.
4. Reuse of glass in a reusable form is encouraged: Currently (on Oahu) glass bottles are only accepted for recycling.
5. Non-ferrous metals including uncontaminated brass, copper or aluminum should be recycled. Current facilities recovering non-ferrous metals are: C. M. Recycling, LLC; Hans Metals; Okuda Metals; Reynolds Recycling and Island Recycling.
6. Paper products including white or colored paper, newsprint and cardboard should be recycled. Current facilities recycling paper products are Honolulu Recovery and Island Recycling.
7. Green waste products generated during construction and ongoing maintenance should be delivered to composting materials when feasible. Current facilities accommodating composting include Hawaiian Earth Products.
8. Provide opportunities for residents to recycle. This will be primarily accommodated by encouraging/endorsing property owners to participate with City and County recycling programs that become available. Association newsletters can be used to inform residents.

(Note: This Solid Waste Management Policy has been developed in consultation with the State of Hawaii Department of Health Solid Waste Management Branch based on December 27, 2006 correspondence. Materials subject to recycling and approved recyclers identified above are subject to change. This plan is not intended to be in conflict with any other solid waste management policies including those of the City and County of Honolulu with respect to construction and or City and County of Honolulu existing or future residential or commercial recycling plans)
